Warrior Dog (Young Readers Edition) Joe Layden,Will

Chesney,2020-06-30 Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. Warrior Dog is the story of Cairo and his handler Will Chesney, a member of SEAL Team Six whose life would be irrevocably tied to Cairo's specially adapted for young readers from Chesney and Joe Layden's No Ordinary Dog. Starting in 2008 when Will was introduced to the canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond went beyond their military service. As Cairo aged and went on fewer missions, Will moved on to other assignments, forced to slowly and painfully distance himself from the dog. Then in 2011, the call came: Pick up your dog and get back to Virginia. Now Cairo and Will trained for weeks for a secret mission, but it soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable spare dog, Will went back to his job until a grenade blast in 2013 left him severely injured. Unable to participate in further missions, he tried to recover, but medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more, and then up to Will to be there when Cairo needed him the most. **Senior Chief Turbo** R.C. Cook,2013-12 Senior Chief Turbo Memoir of a Navy SEAL K-9 recounts the life of a military working dog named Turbo from his birth in Holland and participation in Dutch police dog KNPV trials to training with a Navy SEAL dog handler and joining him for two combat deployments to Afghanistan. Written from a dog's unique perspective and based on actual first-hand accounts of a SEAL handler dog team, Senior Chief Turbo illustrates the bonds of loyalty and friendship that drive all warriors. Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. This is Cairo's story and that of his handler Will Chesney, a SEAL Team Operator whose life would be irrevocably tied to Cairo's. Starting in 2008 when Will was introduced to the SEAL canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond transcended their service. Then in 2011, the call came: Pick up your dog and get back to Virginia. Now what followed were several weeks of training for a secret mission. It soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable spare dog, Will went back to his job as a DEVGRU operator until a grenade blast in 2013 left him with a brain injury and PTSD. Unable to participate in further missions, he suffered from crippling migraines, chronic pain, memory issues, and depression. Modern medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more, and then up to Will to be there when Cairo needed him the most. **Soldier Dogs** Maria
