Partners In Power The Clintons And Their America:

Partners in Power Roger Morris, 1996 **The Modern American Presidency** Lewis L. Gould, 2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos **Warmonger** Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband s support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton s Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton s foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan s two terms Clinton further expanded America s covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton s malign foreign policies and U S complicity in terrorist acts In so many ways Clinton s presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent **Bill Clinton** Patrick J. Maney, 2021-04-15 Of the original Gilded Age historian Richard Hofstadter wrote There is no other period in the nation s history when politics seems so completely dwarfed by economic changes none in which the life of the country rests so completely in the hands of the industrial entrepreneur The era of William Jefferson Clinton s ascent to the presidency was strikingly similar nothing less Clinton himself said than a paradigm shift from the industrial age to an information technology age from the Cold War to a global society How Bill Clinton met the challenges of this new Gilded Age

is the subject of Patrick J Maney s book an in depth perspective on the 42nd president of the United States and the transformative era over which he presided Bill Clinton New Gilded Age President goes beyond personality and politics to examine the critical issues of the day economic and fiscal policy business and financial deregulation healthcare and welfare reform and foreign affairs in a post Cold War world But at its heart is Bill Clinton in all his guises the first baby boomer to reach the White House the natural the most gifted politician of his generation but one with an inexplicably careless and self destructive streak the Comeback Kid repeatedly overcoming long odds the survivor frequently down but never out and with Hillary Rodham Clinton part of the most controversial First Couple since Franklin and Eleanor Roosevelt Maney s book is in sum the most succinct and up to date study of the Clinton presidency invaluable not merely for understanding a transformative era in American history but presidential national and global politics today **Do All the Good You Can**

Gary Scott Smith,2023-10-10 Methodism in the public and private lives of the politician After more than forty contentious years in the public eye Hillary Rodham Clinton is one of the best known political figures in the nation Yet the strong religious faith at the heart of her politics and personal life often remains confounding if not mysterious to longtime observers Even many of her admirers would be surprised to hear Clinton state that her Methodist outlook has been a huge part of who I am and how I have seen the world and what I believe in and what I have tried to do in my life Gary Scott Smith s biography of Clinton s journey in faith begins with her Methodist upbringing in Park Ridge Illinois where she faithfully attended worship services Sunday school and youth group meetings Like many mainline Protestants Clinton s spiritual commitment developed gradually throughout childhood while her combination of missionary zeal and impressive personal talents has informed her career from the time of her pro bono work at Yale on behalf of children to the present Her Methodist faith has been very important to many of Clinton s high profile endeavors and in helping her cope with the prominent travails brought on by two presidential campaigns never ending conservative rancor and her husband s infidelity Smith s account examines Clinton s faith in the context of work ranging from her 1990s pursuit of healthcare reform to a Hillary doctrine of foreign policy focused on her longtime goal of providing basic human rights for children and women a project she saw as essential to United States security The result is an enlightening reconsideration of an extraordinary political figure who has defied private doubts and public controversy to live by John Wesley s dictum Do all the good you can by all the means you can in all the ways you can in all the places you can at all the times you can to all the people you can as long as ever you can **Bill Clinton** Michael Schuman,2003 Although he still awaits the judgment of time and historians Bill Clinton will surely rank as one of America s most controversial leaders Despite being rocked by scandal Clinton managed to balance the federal budget push for welfare and health reforms and maintain a high popularity rating among the American people In Bill Clinton Revised Edition author Michael A Schuman examines the president s dramatic rise to the top as well as the strengths and flaws of his character The Whitewater and Monica Lewinsky scandals as well as President Clinton s impeachment trial are thoroughly

A Political History of the American Welfare System Brendon O'Connor, 2004 John Maynard Keynes once noted that Madmen in authority are distilling their frenzy from some academic scribbler of a few years back O Connor politics and public policy Griffith U Australia supports this observation in his study of the development of the American welfare system and the broader world of political language and rhetoric within which it has been shaped Studying welfare policy from Lyndon Johnson's liberal social agenda to Bill Clinton's ending welfare as we know it he divides the period and his book into three sections corresponding to welfare politics that conformed to liberal ideology the conservative backlash against liberalism and the forging of a conservative welfare system Annotation 2004 Book News Inc Portland OR booknews.com

Nation of Nations James West Davidson, 2001 **Homes and Libraries of the Presidents** William G. Clotworthy, 2008 Describes the lives of the presidents of the United States their families and the various homes libraries and other sites associated with each *Deadlock and Disillusionment* Gary W. Reichard, 2016-02-22 Deadlock and Disillusionment American Politics Since 1968 is an insightful consideration of the events people and policy debates that have shaped and continue to influence even control the current political era Rejects conventional wisdom that the dominant force shaping recent American politics in the last half century has been the rise of the Right Considers the achievements and frustrations of each administration from Nixon to Obama in its assessment of contemporary U S politics Features authorship by an expert scholar in the field who takes a thematic rather than a partisan approach to recent American politics Offers a concise comprehensive and thoroughly up to date synthesis of the literature in the field and concludes with a comprehensive bibliographical essay an aid to student research Bill Clinton: Great expectations Nigel Hamilton, 2003 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton's upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton's stepfather and mother became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service

choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his state and within two years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor's office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton's charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them residing in his own being Imbued with sympathy deep intelligence and the storyteller's art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey

A People and a Nation Mary Beth Norton, 2005 This spirited narrative challenges students to think about the meaning of American history Thoughtful inclusion of the lives of everyday people cultural diversity work and popular culture preserves the text's basic approach to American history as a story of all the American people The Seventh Edition maintains the emphasis on the unique social history of the United States and engages students through cutting edge research and scholarship New content includes expanded coverage of modern history post 1945 with discussion of foreign relations gender analysis and race and racial relations
