## **Passionate Enlightenment:**

**Passionate Enlightenment** Miranda Shaw,2021-06-08 The crowning cultural achievement of medieval India Tantric Buddhism is known in the West primarily for the sexual practices of its adherents who strive to transform erotic passion into spiritual ecstasy Historians of religion have long held that the enlightenment thus attempted was for men only and that women in the movement were at best marginal and subordinated and at worst degraded and exploited Miranda Shaw argues to the contrary presenting extensive new evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality **Passionate Enlightenment** Miranda Eberle Shaw,1994 The crowning cultural achievement of medieval India Tantric Buddhism is known in the West primarily for the sexual practices of its adherents who strive to transform erotic passion into spiritual ecstasy Historians of religion have long held that the enlightenment thus attempted was for men only and that women in the movement were at best marginal and subordinate and at worst degraded and exploited Miranda Shaw argues to the contrary presenting extensive new evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality Anyone who reads a Tantric text or enters a Tantric temple immediately encounters a pantheon of female Buddhas and a host of female enlighteners known as dakinis who dance and leap in joyous poses that communicate a sense of mastery and spiritual power This striking female imagery is fully compatible with Shaw s findings Drawing on interviews and archival research conducted during two years of fieldwork in India and Nepal including more than forty previously unnoticed works by women of the Pala period eighth through twelfth centuries C E she substantially reinterprets the history of Tantric Buddhism during its first four centuries In her view the Tantric theory of this period promotes an ideal of cooperative mutually liberative relationships between women and men while encouraging a sense of reliance on women as a source of spiritual insight and power **Eternal Dharma**

Vishnu Swami,2017-01-23 We often feel powerless in our lives We have many desires but are limited in our ability to transform those wishes into tangible results We are confused and unsure about what will really make us happy In Eternal Dharma Vishnu Swami guides you on a journey to align yourself with the natural flow of existence through the ancient Eastern knowledge of Veda Eternal Dharma distills 5 000 years of spiritual wisdom so you can learn to live an enlightened effective and fulfilled life Vishnu Swami inspires you to take action and manifest your fullest spiritual potential in everything you do Explore the subtle and physical domains to achieve a totally new relationship with reality Learn the radical new system of effectiveness Gain clarity on all spiritual and religious paths Free yourself from pain and suffering to reach pure transcendental love **Juice** Stephanie Haerdle,2024-04-23 The fascinating little known history of female sex fluids through the millennia For over 2000 years vulval sex fluids were understood to be a natural part of female pleasure only to become disputed or categorically erased in the twentieth century Today what do we really know about female ejaculation and

squirting What does the research show and why are so many details unknown In Juice Stephanie Haerdle investigates the cultural history of female genital effluence across the globe and searches for answers as to why female ejaculation which according to some reports is experienced by up to 69 percent of all women and those who have vulvas upon climaxing has been banished to the margins as just another male sex fantasy Haerdle charts female juices from the earliest explanations in the erotic writings of China and India to interpretations of the fluids by physicians philosophers and poets in the Middle Ages and early modern period to their denial contestation and suppression in late nineteenth century Europe As she shows the history of ejaculation and squirting is a history of women their desires and the worship and denigration of the female body as well as the cultural concepts of pleasure sexuality procreation the body masculinity and femininity By examining the fantasies and fears that have long accompanied them Juice restores female gushes to their rightful place in our collective understanding so that they can once again be recognized named and experienced *Angels of Desire* Jay

Johnston,2016-04-08 The idea that the human body consists of subtle bodies psycho spiritual essences can be found in a variety of esoteric traditions This radical form of selfhood challenges the dualisms at the heart of Western discourse mind body divine human matter spirit reason emotion I other Angels of Desire explores the aesthetics and ethics of subtle bodies What emerges is an understanding of embodiment not exclusively tied to materiality The book examines the use of subtle bodies across a range of traditions yogic tantric theosophical hermetic and sufi Angels of Desire shows the relevance of the subtle body for religion philosophy art history and contemporary feminist religious studies and theories of desire
