**Ideas to Increase Your Internal Power** IntroBooks, 2018-02-22 Humans may have reached a time in their history where the number of possibilities they have regarding the way they do things and solve problems exceed by far any hope they have ever had before the human race can boast having travelled in outer space exploring other planets galaxies just in case we fail with the little we have got. It has managed to find cures to many of the diseases which used to kill us by the millions. For the last century humans have developed technologies and devices which help them move forward farther and faster in spite of the problems mother nature or natural evolution might have brought their ways. In fact they have not only managed they thrived. So much so that after War World II in the USA for instance there was an unprecedented economic and baby boom that gave hope and left the scars of the global deflagration far behind in the back of the people's minds the look was only forward. The world population has more than tripled compared to the 1950s. We are now more numerous than ever so numerous that many are wondering where we could find the resources to feed such a large number and continue living and avoid conflict. As a result we are busier than ever not only to move to the next natural step in our evolution and progress but also to find solutions to our newly born man made issues. Humanity is now facing Humans may have succeeded to exceed their limitations so far however not without paying a price stress and anxiety depression sleep troubles. The fast pace of our modern living has thus not come without paying a toll. What to do While we cannot do anything about the fact that we were born in this day and age or about the way in which society as a whole chooses to do things there is something we can do about the way in which we relate to what is happening outside ourselves. Read this quick guide and you will find out how easy it can be to transgress your difficulties. **Meal Idea: Yummy Slow Cooker Meals and Metabolism Boosting Recipes**

Herbs for Pets Mary L. Wulff, Greg L. Tilford, 2011-04-19 Herbs for Pets by herbalists and holistic experts Gregory L. Tilford and Mary L. Wulff is the bible for all pet owners looking to enhance their companion animals' lives through natural therapies. Now in its second revised edition, Herbs for Pets is an indispensable resource, an exhaustive compendium of medicinal plants and natural remedies that hosts an illustrated tour through Western, Ayurvedic, and Chinese herbs that grow in North America, including their holistic applications and contraindications and alternative approaches to treating a wide range of ailments. Remedies in the book are applicable to dogs and cats as well as birds, small mammals, and even farm animals. The book is organized into three chapters: the first is dedicated to the Principles and Practices of Herbalism, discussing the many facets of herbs, concerns about toxicity, basic herbal preparation, the ethical use of herbs, the connection between herbs and diet, and using herbs as dietary supplements. Chapter 2, titled "Materia Medica: An A-Z Guide to Herbs for Animals," is an exhaustive 150-page section presenting color photographs and text about the appearance, habitat, and range, cycle, and bloom season, parts used, primary medicinal activities, strongest affinities, common uses, availability, propagation, and harvest alternatives, and adjuncts and cautions and comments for 65 different herbs from Alfalfa to Yucca. The "common uses" section is extensive for each herb, discussing the nutrient value, various qualities, and ways in which the herb is used for specific treatments. The third chapter of the book is titled "An Herbal Repertory for Animals: Ailments and Treatments" and details remedies for the following: anxiety, nervousness, and behavioral problems; arthritis and hip dysplasia; cancer; cardiovascular problems; digestive system problems; ear problems; elderly animal care; endocrine system and related problems; epilepsy; convulsions and seizures; eye problems; first aid; immune system care; mouth and nose problems; parasite-related problems; pregnancy and lactation; skin problems; and urinary problems. The authors share over two dozen herbal remedies for various ailments, from asthma and pneumonia to constipation and eye cleaner. A glossary of over 200 terms is included, as are references and a comprehensive index.

Mental Immunity Andy Norman, 2021-05-18 Mental Immunity is the perfect vaccine for the mind viruses infecting our culture: alternative facts, fake news, and conspiracy thinking, to name a few. Michael Shermer, publisher of Skeptic magazine and author of The Believing Brain, Astonishingly irrational ideas are spreading Covid

denial persists in the face of overwhelming evidence Anti vaxxers compromise public health Conspiracy thinking hijacks minds and incites mob violence Toxic partisanship is cleaving nations and climate denial has pushed our planet to the brink Meanwhile American Nazis march openly in the streets and Flat Earth theory is back What the heck is going on And what can we do about it In Mental Immunity Andy Norman shows that these phenomena share a root cause We live in a time when the so called right to your opinion is thought to trump our responsibilities The resulting ethos effectively compromises mental immune systems allowing mind parasites to overrun them Conspiracy theories evidence defying ideologies garden variety bad ideas these are all species of mind parasite and each of them employs clever strategies to circumvent mental immune systems In fact some of them compromise cultural immune systems the things societies do to prevent bad ideas from spreading Norman shows why all of this is more than mere analogy minds and cultures really do have immune systems and they really can break down Fortunately they can also be built up strengthened against ideological corruption He calls for a rigorous science of mental immune health what he calls cognitive immunology and explains how it could revolutionize our capacity for critical thinking A practical guide to spotting and removing bad ideas Mental Immunity is a stirring call to transcend our petty tribalisms and a serious bid to bring humanity to its senses
