## **Longevity Tips Benefits Codes:**

**The Longevity Code** Zorba Paster, Susan Meltsner, 2001 We're all interested in living a long life but few of us are willing to sacrifice everything to attain that longevity. After all, what good is living an additional decade at the expense of enjoying the previous ones? In this remarkable book, Dr. Zorba Paster, host of the public radio show *Zorba Paster On Your Health*, takes a detour from the traditional negative abstinent approach that addresses only physical factors. Instead, Dr. Zorba introduces us to the five spheres of wellness that encompass all aspects of life: the physical, of course, but also the mental, kinship, social, spiritual, and material spheres. He reveals well-documented research that indicates that you must address and balance all of these areas and not just the physical to achieve optimal longevity and also your greatest enjoyment of that longevity. Within each sphere, Dr. Zorba pinpoints the most threatening busters—those lifestyle aspects that will sooner or later kill you. And for each buster, he recommends the most advantageous boosters—habits that will counteract the buster and extend your life. Many of these boosters will come as a complete surprise. For example, even the most diet-conscious performance-oriented athlete may be at risk for heart disease and stroke by ignoring all the other spheres: mentally with chronic depression, socially with limited distant relationships, spiritually with an uncaring attitude, and materially with an unsatisfying underappreciated job. To tailor this remarkable booster and buster system to you, *The Longevity Code* includes in-depth exercises to isolate your most urgent needs. Once you've identified the busters, you must overcome them. You can clip out the booster cards—summaries of each of the 76 boosters—to help you focus on your personal prescription for living a longer, sweeter life. *The Centenarian Code: Live Long and Strong* Press, 2025-11-14 Discover the Timeless Secrets Behind a Life Well Lived.
