At the same time the text avoids unnecessary jargon abstraction and repetition. Focus emphasis on the student. Students learn economics by doing economics. Self test questions are positioned throughout each chapter to check for understanding and the authors have integrated a carefully crafted Study Guide with three levels of problems allowing students to master the basics as well as get reinforcement with the more difficult concepts. Avoid an encyclopaedic text each text covers the course in 13 carefully crafted chapters allowing for a few extension topics ensuring that most of the text can be covered in the standard 12 or 13 weeks.
