*Managing the New Tools in K-12 Teaching and Learning* Jerome A. Schulz,2018-02-02 Managing the New Tools in K 12 Teaching and Learning How Technology Can Enable School Improvement is about how to manage technology for learning at the district and school levels It provides an overview of the components of learning technology these include student devices networking software productivity toolkits electronic curricula and resources and data system infrastructure And it discusses how we can manage our technology efforts more effectively to help our students attain the benefits of this technology The book concludes with case studies of how this is being done at pioneering districts We are now at a tipping point in implementing learning technology on a larger scale This is happening very quickly Historically learning technology was

driven by a strategy of technology integration where we called on individual teachers to each determine how to use technology in their classes and make changes in their own ways of working But to successfully implement technology on the scale we need requires top down as well as bottom up efforts Managing the New Tools in K 12 Teaching and Learning focuses on how districts and schools can now use technology to bring about the big improvements in learning we are all striving for **A Naturalist's Guide to the Great Plains** Paul A. Johnsgard,2018 This book documents nearly 500 US and Canadian locations where wildlife refuges nature preserves and similar properties protect natural sites that lie within the North American Great Plains from Canada's Prairie Provinces to the Texas Mexico border Information on site location size biological diversity and the presence of especially rare or interesting flora and fauna are mentioned as well as driving directions mailing addresses and phone numbers or internet addresses as available US federal sites include 11 national grasslands 13 national parks 16 national monuments and more than 70 national wildlife refuges State properties include nearly 100 state parks and wildlife management areas Also included are about 60 national and provincial parks national wildlife areas and migratory bird sanctuaries in Canada's Prairie Provinces Many public access properties owned by counties towns and private organizations are also described
