Media Movements And Political Change Research In Social Movements Conflicts And Change:

Media, Movements, and Political Change Jennifer S. Earl, Deana A. Rohlinger, 2012-05-18 This volume explores the relationship between media movements and political change through analyses of how actors use print media and the Internet to achieve their goals. The chapters examine the role of media in the Anti Abortion, Globalization, Labor, Townsend and White Power movements as well as Barack Obama's 2008 campaign.

Abortion Politics, Mass Media, and Social Movements in America

Deana A. Rohlinger, 2015 Weaving together analyses of archival material, news coverage and interviews conducted with journalists from mainstream and partisan outlets as well as with activists across the political spectrum. Deana A. Rohlinger reimagines how activists use a variety of mediums sometimes simultaneously to agitate for and against legal abortion. Rohlinger's in-depth portraits of four groups—the National Right to Life Committee, Planned Parenthood, the National Organization for Women, and Concerned Women for America—illuminate when groups use media and why they might choose to avoid media attention altogether. Rohlinger expertly reveals why some activist groups are more desperate than others to attract media attention and sheds light on what this means for policy making and legal abortion in the twenty-first century.

Strategies and Outcomes Lisa Leitz, 2024-07-04 Fulfilling a need for innovative research that derives from multiple countries and time periods, this volume offers a collection of cutting-edge scholarship on protest politics, effects of activism, and rights and equality-based social movements.

The Oxford Handbook of Digital Media Sociology Deana A. Rohlinger, Sarah Sobieraj, 2022 The Oxford Handbook of Digital Media Sociology is an indispensable resource for students and scholars interested in understanding how new information and communications technologies shape social life. Chapters written by experts from around the world explore the role digital media play in numerous contexts, including the intimate and personal elements of social life such as our identities and closest relationships as well as in larger social phenomena such as racial inequality, labor markets, education, and war. This handbook is ideal for classroom use and library acquisition as each stand-alone chapter, whether on dating apps or disinformation, offers accessible and succinct overviews of what research has shown thus far and what questions remain unanswered.

Methodological Advances in Research on Social Movements, Conflict, and Change

Thomas V. Maher, Eric W. Schoon, 2023-07-12 Now that we are almost a quarter of the way into the 21st century, the field of sociology is in need of research like this which explores methods for studying contentious politics in the context of broader social changes to peacebuilding, armed conflicts, and social movements.
