Improving Research-Based Knowledge of College Promise Programs Laura W. Perna, Edward J. Smith, 2020-03-20 Also known as free tuition and free college programs college promise programs are an emerging approach for increasing higher education attainment of people in particular places To maximize the effectiveness of their efforts and investments program leaders and policymakers need research based evidence to inform program design implementation and evaluation With the goal of addressing this knowledge need this volume presents a collection of research studies that examine several categories and variations of college promise programs These theoretically grounded empirical investigations use varied data sources and analytic techniques to examine the effects of college promise programs that have different design features and operate in different places Individually and collectively the results of these studies have implications for the design and implementation of promise programs if these programs are to create meaningful improvements in attainment for people from underserved groups The authors efforts also provide a useful foundation for the next generation of college promise research

Latin Students in Engineering* Lara Perez-Felkner, Sarah L. Rodriguez, Ciera Fluker, 2024-07-12 Winner of the American Association of Hispanics in Higher Education Edited Volume Book of the Year Award The growing population of engineering students who identify as Latin are underrepresented in the field of engineering Latin refers to an individual of Latin American origin or descent without restricting to a specific gender The asterisk includes related identity terms such as Latina o u x There is however a rising need to train U S students in engineering skills to meet the demands of our increasingly technological workforce Structurally excluding Latin students hinders their economic and educational opportunities in engineering Latin Students in Engineering examines the state of Latin engineering education at present as well as considerations for policy and practice regarding engineering education aimed at enhancing opportunity and better serving Latin students The essays in this volume first consider theoretically and empirically the experiences of Latin students

in engineering education and then expand beyond the student level to focus on institutional and social structures that challenge Latin students success and retention Finally it illuminates emergent work and considers future research policy and practice *Readers' Guide to Periodical Literature* ,1916 Author and subject index to a selected list of periodicals not included in the Readers guide and to composite books *Digital Transformation Expert Diploma - (Master's level) - City of London College of Economics - 6 months - 100% online / self-paced* City of London College of Economics, Overview Digital Transformation is on everyone s lips and there s a huge demand for specialists Content Digital Transformation of Teams Products Services Businesses and Ecosystems The Five Domains of Digital Transformation Customers Competition Data Innovation Value Harness Customer Networks Build Platforms Not Just Products Turn Data Into Assets Innovate by Rapid Experimentation Adapt Your Value Proposition Mastering Disruptive Business Models Self Assessment Are You Ready for Digital Transformation More Tools for Strategic Planning And more Duration 6 months Assessment The assessment will take place on the basis of one assignment at the end of the course Tell us when you feel ready to take the exam and we ll send you the assignment questions Study material The study material will be provided in separate files by email download link
