The Solution to an Injustice in Trials Sinclair Banks, 2019-03-01 This 664 page law and logic book contains the most comprehensive and detailed description of the composition of argument ad hominem ever published revealing this form of argument to be a far broader fallacy than was previously known Like perjury argument ad hominem can deceive juries and cause unjust trial verdicts There is fortunately already a criminal law against perjury but unfortunately there is currently no law that expressly prohibits argument ad hominem in trials The book includes the text of a proposed criminal law that expressly prohibits argument ad hominem in trials and shows the necessity of such a law to counter effectively this quite common form of injustice in jury trials For more description of the book s content and to view the dust jacket please visit sinclairbanks.com author
