### **The Confession of St. Patrick and Other Writings**

Saint Saint Patrick, 2018-02-28. Saint Patrick was a fifth-century Romano-British Christian missionary and bishop in Ireland. Known as the Apostle of Ireland, he is the primary patron saint of Ireland. He is also venerated in the Anglican Communion, the Old Catholic Church, and in the Eastern Orthodox Church as equal to the apostles and Enlightener of Ireland. This volume contains *The Confession of St. Patrick*, an autobiography written in the fifth century. It provides details of his life and beliefs. This classic continues to fascinate and inspire many. The book also contains St. Patrick's *Epistle to Coroticus*, a letter written by Patrick after he had lived and worked as a bishop in Ireland for many years. It is a scathing letter St. Patrick wrote to British tyrant Coroticus and the British Christians condemning the kidnap and killing of Christian converts. St. Patrick repeatedly uses scripture to strengthen his argument against Coroticus and to implore his men and followers to change their ways. The volume also contains St. Fiech's *Metrical Life of St. Patrick* and *Tripartite Life of St. Patrick* Parts I, II, and III.

The 'historical' Saint Patrick. Approaching the Life of Ireland's Patron Saint Julian Binder, 2016-05-30. Seminar paper from the year 2015 in the subject English Language and Literature Studies, Culture and Applied Geography, grade 1.0. University of Tübingen, Department of English language, English abstract. When hearing the name Saint Patrick, people nowadays think of a bearded, often staff-bearing Irishman who was the first to introduce Christianity to the Emerald Isle, who chased the serpents out of Ireland, and who made use of a shamrock to explain the Holy Trinity. This is the conventional representation of Ireland's National Apostle, and this is what a very high percentage of Saint Patrick's Day visitors would give as an answer if you asked them who Saint Patrick has been. However, this depiction of Ireland's patron saint is as different from the real Patrick, who lived most likely between the end of the fourth and the middle of the fifth century A.D., as is the modern, secular way of celebrating March 17, Saint Patrick's Day, with parades, rugby matches, and green beer, from its traditional, religious origins. The feast of St. Patrick's Day, falling asleep, which had been celebrated as early as the ninth century, Neither was he Irish, nor was he the first to introduce Christianity on the island, nor did he chase any of the poisonous snakes out of Ireland, as there simply were none in the country after the most recent Ice

Age So in fact the prevailing popular image of Saint Patrick is at least historically speaking distorted and inaccurate What may be the reason for such a misrepresentation of the real Patrick Allanah Hopkin gets to the core of the problem by stating that many people still confuse the Saint Patrick of legend with the very different historical figure In her work *The Living Legend of Saint Patrick* she points out the different developmental stages of the representations of Patrick over the centuries According to her even Patrick's earliest biographers elevated Patrick's life to that of a secular hero In the following lines a brief overview of the sources on the historical Patrick will be provided Then a chronological reconstruction of Patrick's life and mission will be attempted on the basis of the saint's Confession It is also an aim of this paper to find out what kind of man Patrick was and what role he played in the conversion of Ireland to Christianity    **St. Patrick** George Otto Simms, 1993
