Pattern Making Portfolio Skills:

Pattern Making Dennic Chunman Lo, 2011-10-19 An introduction to the basic principles of pattern cutting this practical book shows students how to interpret the human form and look at clothing through the eyes of a designer rather than a consumer As well as explaining the proportions of human anatomy the book introduces key tools and then takes the reader from simple pattern cutting ideas to more advanced creative methods Finally the book looks at the work of fashion designers who are masters of pattern cutting such as Comme des Garçons John Galiano Yohji Yamamoto and Issey Miyake With photographs of final and dissected garments along with CAD CAM diagrams to explain how those pieces were cut the book will gradually build an understanding of pattern cutting and enable students to experiment and create exciting patterns for their own designs
