Gundry Volf,1991-02-01 Does Paul assume that Christians will remain in salvation If so on what basis What if anything can disrupt this continuity and to what extent can it do so Using detailed exegetical analysis of the relevant texts Judith Volf addresses what Paul believed about continuity in salvation and the importance of this theme for subsequent Christians

Paul and Perseverance Judith M. Gundry Volf,2019 Dictionary of Paul and His Letters InterVarsity Press,2023-04-11 In this thoroughly revised and updated edition of a classic reference work topics like Christology justification and hermeneutics receive careful treatment by trusted specialists New topics like politics patronage and different cultural perspectives expand the volume s breadth and usefulness for scholars pastors and students today **Paul and Apostasy** B. J. Oropeza,2000 B J Oropeza presents the concepts of apostasy and perseverance in the light of recent interpretative and intertextual methods He argues that the Pauline messages include warnings to congregation members who are in danger of falling away Paul often considers these members to be authentic converts to the early Christian message A prime example of this is presented in the apostle s use of the Exodus wilderness traditions in 1 Corinthians 10 1 13 In an effort to persuade the members against apostasy Paul echoes examples from the Jewish traditions regarding Israel s divine election and punishments The Corinthians are exhorted not to conduct themselves in a manner that parallels the Israelites who after crossing the Red Sea were rejected by God in the wilderness because they committed vices If the Corinthians commit the same vices in their own spiritual journey they will suffer divine judgment before the culmination of the eschaton This language is located within larger rhetorical arguments related to the problems of meat sacrificed to idols congregational factions and eschatological misperceptions B J Oropeza also deals with theological perspectives associated with the perseverance of the saints including the Calvinist and Arminian traditions He thus provides a compelling alternative approach to the theological controversy Paul's Seven Explanations of the Suffering of the Righteous Barry D. Smith,2002 Smith religious studies and philosophy Atlantic Baptist University identifies seven explanations of the suffering of the righteous presented in Paul s letters He elucidates these explanations by placing them in context against a Jewish religious historical background The role of persecution the depiction of suffering as remedial the pedagogical role of suffering and the relationship between human suffering and Christ s suffering are specifically discussed Annotation copyrighted by Book News Inc Portland OR **The Fear of God in 2 Corinthians 7:1** Euichang Kim,2019-02-21 Euichang Kim focuses upon the phrase the fear of God drawn from 2 Corinthians exhortation to reconcile with God As opposed to these words appearing

from no particular source Kim points to the wider contexts of Old Testament passages quoted by Paul and demonstrates that God's eschatological promises in particular his coming judgment his promise to redeem his people and the prospect of a new covenant are intertwined with this motif of fear Beginning with an analysis of the meaning of fear in both the Old Testament and the New Kim proceeds to the context of fear within 2 Corinthians Scripture the writings of Second Temple Judaism and the very eschatology of Paul suggesting that it stems from an awareness of God's judgment to come and serves to motivate righteous behavior Kim finally argues that in the context of 2 Corinthians the fear of God functions as the proper response to God's saving acts in Christ and provides motivation for believers to pursue a holy life in anticipation of the eschatological judgment to come

Judgment & Justification in Early Judaism and the Apostle Paul Chris VanLandingham, 2006 Is salvation a gift of God's grace or something God's followers must earn by good works How do we reconcile the two emphases that salvation is a bestowal of God's mercy and that the final judgment will involve an assessment of the way people have lived during their time on earth In *Paul and Palestinian Judaism* 1977 E. P. Sanders defined the terms and laid the groundwork for this crucial debate Sanders's New Perspective sought to resolve the tension between grace and good deeds by arguing that for the Jews of Paul's day as well as for Paul himself entrance into God's saving covenant was a gift of God's grace while remaining in the covenant required good works done in obedience to God Sanders's most vigorous opponents have disputed the works side of his formulation taking issue with his contention that obedience is required to retain right standing in God's covenant In *Judgment and Justification* Chris VanLandingham challenges the grace side of the Sanders thesis arguing that Paul's teaching on salvation following the prevailing Jewish thinking of his time establishes good works as the criterion for salvation at the final judgment In making his case VanLandingham does a text by text survey of early Jewish literature interacting with a wide range of biblical scholars who deal with the themes of salvation and literature and judgment found in these texts and in the Pauline writings VanLandingham wraps up this survey with a challenging reassessment of Paul's teaching in the light of the Jewish thinking of his time

Paul, Moses, and the History of Israel Scott J. Hafemann, 2005 The paper in this volume are organized in three parts scriptural contextual and theological The central question being addressed is how do Christians living in contexts where Islam is a majority or minority religion experience express or think of the Cross This is therefore an exercise in listening As the contexts from where these engagements arise are varied the papers in drawing scriptural contextual and theological reflections offer a cross section of Christian thinking about Jesus and the Cross

Paul's Language of Grace in Its Graeco-Roman Context James R. Harrison, 2003 James R Harrison argues that the Graeco Roman benefaction context of favour is the backdrop of Paul's understanding of divine and humane grace By the first century AD was the leitmotiv of the Hellenistic reciprocity system It shaped the conventions of giving and receiving throughout the eastern Mediterranean basin Before Paul's converts were exposed to the gospel they would have held various beliefs regarding divine beneficence The apostle needed to tailor his language of grace as much to the theological concerns of Graeco Roman culture as to first century Judaism In making benefaction terminology the touchstone of his theology of grace Paul chose to articulate his understanding of over and against the theological and social beliefs of the Mediterranean city states and the imperial rulers While Paul endorses the reciprocity system he redefines its rationale in the light of the gospel of grace and transforms its social expression in his house churches
