Self-Esteem Comes in All Sizes Carol Johnson, 1996 Carol Johnson once thought of herself as an unattractive undisciplined undesirable unmotivated undeserving uninvited but no more Having struggled since childhood with diets low self esteem and the prejudices of others she has come to believe that being overweight does not make you bad lazy or less deserving of happiness And it has become her mission to make other people understand that their weight is not a measure of their self worth Self Esteem Comes In All Sizes is written from Ms Johnson's hard won and firm conviction that like flowers people come in all colors shapes and sizes but they're beautiful It is an inspirational guide for all those women and men who have been putting their happiness on hold convinced that if they were only thin everything else in their lives would be better Carol Johnson's answer to this self-defeating attitude is that You can feel good now look good now and be the most you can be right now By separating physiological fact from popular fiction she helps people to understand that they are not to blame for their size by focusing on health rather than weight loss she explains how to set achievable goals And through the sheer force of her dynamic message and personality she inculcates the belief that you can get compliments and command respect in an ample body
