**Freedom to Think** Susie Alegre, 2022-04-07 Chosen as one of the best books of 2022 by the Financial Times and the Telegraph. Longlisted for the Moore Prize for Human Rights Writing. Compelling, powerful, and necessary. Shoshana Zuboff, author of *The Age of Surveillance Capitalism*. Fascinating. Guardian. Without a moment's pause, we share our most intimate thoughts with trillion-dollar tech companies. Their algorithms categorize us and jump to troubling conclusions about who we are. They also shape our everyday thoughts, choices, and actions, from who we date to whether we vote. But this is just the latest front in an age-old struggle. Part history, and part manifesto, *Freedom to Think* explores how the powerful have always sought to influence how we think and what we buy. Connecting the dots from Galileo to Alexa, human rights lawyer Susie Alegre charts the history and fragility of our most important human right: freedom of thought. Filled with shocking case studies across politics, criminal justice, and everyday life, this groundbreaking book shows how our mental freedom is under threat like never before. Bold and radical, Alegre argues that only by recasting our human rights for the digital age can we safeguard our future.
