worked for me but many would argue that YouTube works the best particularly since it is the search engine of choice with the 11-34 age group. Q How can a person searching for a job use social media marketing? A So many ways. They need to be on LinkedIn with a professional looking profile photo and contact information. They could also utilize video to begin sharing their expertise. Candidates need to stand out in a crowd of millions so if they say sent in a video introducing themselves and a video follow up email that would wow them. Q What is the newest thing since Twitter? A I believe companies and individuals are starting to utilize audio for creating their own iTunes channel and also location based social media like FourSquare. I personally am not sold on location based services as of yet from a safety point of view but for retailers it can be a good thing. I believe video is going to explode in popularity in 2011 for the 35 market as well. They just need to get comfortable being on camera. *PC Magazine*, 2008-07 *Business 2.0*, 2007 *Hacking the PSP* Auri Rahimzadeh, 2006-10-30 Provides information on getting the most out of a PSP covering such topics as playing multiplayer games wirelessly reading the comics changing game backgrounds and finding free downloads. **Internet Law** Jonathan D.
