The Unknown Horn of Africa Frank Linsly James,1890 **Report of Cases Determined by the Supreme Court of Appeals of West Virginia** West Virginia. Supreme Court of Appeals,1905 Parliamentary Papers Great Britain.

Parliament. House of Commons,1871 *A Russian Merchant's Tale* David L. Ransel,2009 The daily lives of an 18th century Russian merchant family *Warrior Nation* John Thomson,2000 This story reveals the character of New Zealanders at war the men who emerged quietly reflective from the horrors of battle in the First World War and became famous as The Silent Division the best in the British army the men whom enemy soldiers feared and hated in the Second World War and the young peacekeepers who ve served in war zones around the globe **The Sound of History** Richard Doherty,2002 The Eighth

Army's victory at El Alamein in November 1942 was one of the pivotal points of the Second World War and significant as the first major victory for a British Army under sole British command. The North African campaign had captured the public imagination in Britain and the victors of Alamein joined those of Agincourt and Waterloo in the ranks of British heroes. This book looks at the background to the battle, the preparations and the battle itself. Doherty uses personal accounts, war diaries, official regimental and divisional histories and material from numerous archives to tell the story of this timely British victory.

Upper Burma Rulings Burma. Courts, 1914 **Upper Burma Rulings, Being the Selected Judgments of the Court of the Judicial Commissioner, Upper Burma** Burma, Upper, 1914 **Peter the First** graf Aleksey Nikolayevich Tolstoy, 1959 *Peter the First* Алексей Николаевич Толстой (граф), 1959 Alexey Tolstoy who was not related to the author of War and Peace began to study the character of his hero Peter the First in 1917. When he died almost thirty years later Tolstoy was still working on his masterpiece, this huge historical canvas which gives brilliant life and meaning to a crucial period in Russian history. Tolstoy reanimates the past by a succession of character creations which range from the serf Ivan Brodskin to Peter's sinister and opportunistic favorite Alexander Menshikoff from the old Boyars shorn of their beards and their prerogatives to the foreign captains of the new Russian navy. Here in these pages are the beautiful Anna Mons, Peter's first mistress, his wife Eudoxia whom he never loved and the peasant girl who eventually was to be crowned Empress Catherine the First. We see these men and women moving across a tapestry of battles abroad and amid the dark, opulent luxury of the great families and the Imperial Court. In Tolstoy's moving, crowded pages we see the emergence of Russia thrust forward by Peter's inexorable will from a backward medieval state to her final position as one of the great powers of Europe. Here are magnificent portraits, the fruits of years of historical research, of Peter's principal opponents: August Elector of Saxony, indefatigable in his amusements, and King Charles XII of Sweden, a great military genius flawed by passion and indulgence. But the true hero of Tolstoy's epic is Peter himself. We see him grow to be a man awkward, suspicious, prone to spasms of cowardice but always driving, sometimes provoked almost to madness, to free his country from the chains of backwardness and superstition, to take her place as an equal among the nations of the west. And in the last analysis it is this greatness and originality of character in its hero which gives the stamp of greatness to the book itself. Goodreads
