## **Organizational Chart For Churches:**

How to Lead a Church to Reach People and Grow Robert A. Young, 2009-05 This book presents a unique approach to church growth. It is written mainly to help churches that are declining but will help all churches. The underlying premise is that churches do not grow and reach new people because they do not know how or because they are so poorly structured and organized that they spend most of their time and efforts in conflict. This disrupts the fellowship and leaves very little time and energy for reaching new people. The subtitle could be Fifteen Essential Steps To Growth. Basic growth and administrative principles. The combining of these areas makes this a unique book. Young has brought together these basic elements from over 40 years of experience. The book is a practical guide for a local church to follow to function efficiently and effectively and reach people for Christ. When the steps are followed and in the proper order the church can pretty well be assured of growth and effective ministry. Dr. Robert A. Young is currently President of Samuelite Corp Church Outreach and Consulting. He served as Associate Pastor Administration of Walnut Street Baptist Church Louisville KY and Park Cities Baptist Church Dallas TX and President of the National Association of Church Business Administration. He has conducted Total Church Consultations and Capital Fund Campaigns for churches of all sizes and denominations. He is now available to serve churches as a consultant in these areas. He is also the author of The Development of A Church Manual of Administrative Policies.

*Church Administration* Robert H. Welch, 2005 Church Administration by Robert Welch will assist pastors and church administrators in becoming effective and efficient leaders managers and administrators. **Seeker Churches** Karon Howland Sargeant, 2000 America's religious landscape is in flux. New churches are springing up and many older churches are redefining themselves to survive. At the forefront of this denominational free for all are evangelical seeker churches. These churches target seekers individuals of any faith or denominational background who seek spiritual fulfillment but are not currently affiliated with any specific church. By focusing on this largely untapped group seeker churches have become one of the fastest growing religious movements in the country. In his study Karon Sargeant provides a sociological context for the rise of these churches by exploring the rituals messages strategies and denominational functions of this emerging form of American evangelical Protestantism. Featuring live bands professional lighting and sound systems and multi media presentations seeker churches are attracting many people who have dropped out of organized religion. To broaden their appeal they offer attenders advice on everyday issues ranging from relationships to finance. Sargeant focuses on the success of the Willow Creek Association the seeker church association started by the Willow Creek Community Church near Chicago. With over 5 000 member churches the seven year old association has already outdistanced 90 percent of American denominations and is the leader of the seeker church movement. Through eyewitness accounts and careful research Sargeant reveals the seeker movement to be a reformation of American Protestantism. **Church Administration and Finance Manual** Otto F.
