Resources in Education ,1979-05 **You Don't Need Permission to Be Rich in the AI Era** Laura Maya,2026-01-10
The Manual of Financial Freedom You did everything you were told to do You studied hard earned the degree found the stable job and followed the advice that promised security if you stayed disciplined long enough And yet despite doing everything right real freedom still feels out of reach This isn't because you failed It's because the rules changed You Don't Need Permission to Be Rich in the AI Era is a calm practical guide to building wealth in a world reshaped by artificial intelligence digital ownership and open networks Instead of hype or shortcuts it explains why traditional advice work harder save more wait longer was designed for an economy that no longer exists Inside you'll learn how to use free AI tools like a first employee how to start micro investing with as little as 10 and why modern wealth is increasingly built through ownership of digital assets rather than trading time for money You'll also be introduced to Web3 not as speculation but as a practical way to regain control of your money data and digital life The book includes a simple 90 day framework to help you build your first stream of owner based income while keeping your day job without risky bets or drastic moves This isn't about chasing trends It's about creating options About replacing anxiety with flexibility And about realizing that wealth in the AI era isn't about what you know it's about what you're willing to try You don't need special credentials You don't need connections And you don't need permission The door is already open You just need to walk through it
