The Cambridge Companion to Medieval Jewish Philosophy Daniel H. Frank, Oliver Leaman, 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism Influenced first by Islamic theological speculation and the great philosophers of classical antiquity and then in the late medieval period by Christian Scholasticism Jewish philosophers and scientists reflected on the nature of language about God the scope and limits of human understanding the eternity or createdness of the world prophecy and divine providence the possibility of human freedom and the relationship between divine and human law Though many viewed philosophy as a dangerous threat others incorporated it into their understanding of what it is to be a Jew This Companion presents all the major Jewish thinkers of the period the philosophical and non philosophical contexts of their thought and the interactions between Jewish and non Jewish philosophers It is a comprehensive introduction to a vital period of Jewish intellectual history

Biographical Dictionary of Twentieth-century Philosophers Stuart C. Brown, Diané Collinson, Robert Wilkinson, 1996 This

Dictionary provides detailed accounts of the lives works influences and receptions of the most important philosophers of the twentieth century Over 1000 entries give both biographical and bibliographical information *Later Platonists and their Heirs among Christians, Jews, and Muslims* Eva Anagnostou,Ken Parry,2022-12-28 *Later Platonists and their Heirs among Christians Jews and Muslims* offers a thought provoking exploration of the reception of Platonism among communities of faith from early Christianity to the sixteenth century from the Byzantine East to the Latin West Rare emphasis is placed on the importance of Platonic thought and its diffusion in late antique and medieval Syria Armenia and Georgia but also among Arab and Jewish intellectuals from the seventh century onwards As such the volume makes a statement against the separation of Neoplatonic philosophy from Christianity and the other Abrahamic faiths since all four traditions promoted a life of virtue and goodness despite operating under different divine auspices The volume seeks to establish paths of transmission and modes of adaptation across times and places **Proceedings and Addresses of the American Philosophical Association**

American Philosophical Association,2007 List of members in v 1 **The Cambridge History of Jewish Philosophy** Steven Nadler,T. M. Rudavsky,2008-12-15 The first volume in this comprehensive work is an exploration of the history of Jewish philosophy from its beginnings in antiquity to the early modern period with a particular emphasis on medieval Jewish thought Unlike most histories encyclopedias guides or companions of Jewish philosophy this volume is organized by philosophical topic rather than by chronology or individual figures There are sections on logic and language natural philosophy epistemology philosophy of mind and psychology metaphysics and philosophical theology and practical philosophy There are also chapters on the intellectual background of Jewish philosophy including Islamic and Greek thought and the Jewish philosophical textual traditions With essays by leading scholars in the field this volume provides the reader with a wonderful overview of the richness and sophistication of Jewish philosophy in its golden age **The Cambridge History of Jewish Philosophy** Steven M. Nadler,Tamar Rudavsky,Martin Kavka,Zachary Braiterman,David Novak,2009 Provides a comprehensive overview of Jewish philosophy from the seventeenth century to the present day **A History of Medieval Jewish Philosophy** Isaac Husik,2014-11-04 This is a history of Jewish philosophical thought over the Middle Ages and its influence on the modern age From the preface No excuse is needed for presenting to the English reader a History of Mediaeval Jewish Philosophy The English language poor enough in books on Jewish history and literature can boast of scarcely anything at all in the domain of Jewish Philosophy The Jewish Encyclopedia has no article on Jewish Philosophy and neither has the eleventh edition of the Encyclopedia Britannica Hastings Encyclopedia of Religion and Ethics will have a brief article on the subject from the conscientious and able pen of Dr Henry Malter but of books there is none But while this is due to several causes chief among them perhaps being that English speaking people in general and Americans in particular are more interested in positive facts than in tentative speculations in concrete researches than in abstract theorizing there are ample signs that here too a change is coming and in many spheres we are called upon to examine our foundations with a

view to making our superstructure deep and secure as well as broad and comprehensive And this is nothing else than philosophy Philosophical studies are happily on the increase in this country and more than one branch of literary endeavor is beginning to feel its influence And with the increase of books and researches in the history of the Jews is coming an awakening to the fact that the philosophical and rationalistic movement among the Jews in the middle ages is well worth study influential as it was in forming Judaism as a religion and as a theological and ethical system But it is not merely the English language that is still wanting in a general history of Mediaeval Jewish Philosophy the German French and Italian languages are no better off in this regard For while it is true that outside of the Hebrew and Arabic sources German books and monographs are the sine qua non of the student who wishes to investigate the philosophical movement in mediaeval Jewry and the present writer owes very much to the researches of such men as Joel Guttman Kaufmann and others it nevertheless remains true that there is as yet no complete history of the subject for the student or the general reader The German writers have done thorough and distinguished work in expounding individual thinkers and problems they have gathered a complete and detailed bibliography of Jewish philosophical writings in print and in manuscript they have edited and translated and annotated the most important philosophical texts France has also had an important share in these fundamental undertakings but for some reason neither the one nor the other has so far undertaken to present to the general student and non technical reader the results of their researches What was omitted by the German French and English speaking writers was accomplished by a scholar who wrote in Hebrew Dr S Bernfeld has written in Hebrew under the title Daat Elohim The Knowledge of God a readable sketch of Jewish Religious philosophy from Biblical times down to Ahad Haam A German scholar now in America Dr David Neumark of Cincinnati has undertaken on a very large scale a History of Jewish Philosophy in the Middle Ages of which only a beginning has been made in the two volumes so far issued

History of Jewish philosophy Irene Karon, 1993
