becoming passive dependent addicted and more anxious than ever Doubling down on the certainties promised by technology and micro management only makes things worse leaving no opportunity for innovation adaptation or invention Artists live with uncertainty constantly but instead of waiting for the future they run towards making it with agency and freedom What can we learn from them about facing into a future that grows more uncertain daily At a time when organizations of all kinds crave innovation but complain their people lack creativity and initiative the arts have never been so essential to our future We may not all be artists but we can learn to think like them Margaret Heffernan makes a compelling argument for the vital integration of art into all aspects of our lives and for artists to guide us with their stamina freedom and endurance
