Digital Dieting Tara

Brabazon, 2016-04-22 Imagine if a student spent as much time managing information as celebrities do on dieting. While eating too much food may be the basis of a moral panic about obesity, excessive information is rarely discussed as a crisis of a similar scale. Obviously, plentiful and high quality food is not a problem if eating is balanced with exercise. But without the skills of media and information literacy, students and citizens wade through low quality online information that fills their day.

yet does not enable intellectual challenge imagination and questioning Digital Dieting From Information Obesity to Intellectual Fitness probes the social political and academic difficulties in managing large quantities of low quality information But this book does not diagnose a crisis Instead Digital Dieting provides strategies to develop intellectual fitness that sorts the important from the irrelevant and the remarkable from the banal In April 2010 and for the first time Facebook received more independent visitors than Google Increasingly there is a desire to share rather than search But what is the impact of such a change on higher education If students complain that the reading is too hard then one response is to make it easier If students complain that assignments are too difficult then one way to manage this challenge is to make the assignments simpler Both are passive responses that damage the calibre of education and universities in the long term Digital Dieting From Information Obesity to Intellectual Fitness provides active conscious careful and applicable strategies to move students and citizens from searching to researching sharing to thinking and shopping to reading *American Journalism Review* ,2011 **NASA Contractor Report** ,1979 **The Times Index** ,2013-05 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Time educational supplement Scotland and the Times higher education supplement *Newsweek* ,2010-04 *The New York Times Magazine* ,2011 *Need* Joelle Charbonneau,2015-11-03 No one gets something for nothing We all should know better Teenagers at Wisconsin's Nottawa High School are drawn deeper into a social networking site that promises to grant their every need regardless of the consequences Soon the site turns sinister with simple pranks escalating to malicious crimes The body count rises In this chilling YA thriller the author of the best selling Testing trilogy examines not only the dark side of social media but the dark side of human nature *Billboard Music Week* ,1946
