Frederick Hollick

Medical Disorders In Pregnancy A Manual For Midwives:

Medical Disorders in Pregnancy S. Elizabeth Robson, Jason Waugh, 2013-02-04 Praise for the 1st edition This book is a must have for any midwife particularly those working in the community clinics and in high risk areas This book is an extremely useful reference tool MIDIRS Midwifery Digest The important facts are laid out concisely primarily focusing on management using evidence based guidelines for best midwifery practice RCGP Journal Medical Disorders in Pregnancy A Guide for Midwives 2nd edition clearly outlines existing and pre existing conditions which women can experience during pregnancy This comprehensive and practical handbook identifies issues for pre conception care defines the condition explores possible complications outlines recommended treatment and emphasizes specific midwifery care This fully revised and updated edition of Medical Disorders in Pregnancy A Guide for Midwives builds on the success of the first edition by covering more subjects It includes physiology more illustrations and algorithms and its accessible reference style text enables information to be quickly and easily found Special Features A practical guide on medical disorders written specifically for midwives Jointly written by medical and midwifery experts in the field Accessible reference style format makes information easy and quick to find Emphasis on inter professional working

Midwifery Practice: Critical Illness, Complications And Emergencies Case Book

Complications And Emergencies Case Book Raynor, Maureen, Marshall, Jayne, Jackson, Karen, 2012-06-01 Given the increasing complexities of co morbidities in women of childbearing age this book provides a case study approach to several critical conditions which challenge all health care professionals working in this field The case study approach will help midwives doctors midwifery and medical students to ground their clinical skills training on each specific situation by working through the questions and answer format Of particular importance is the emphasis on inter professional team working and the links between theory and practice Dr Rita Borg Xuereb Head of Department of Midwifery Faculty of Health Sciences University of Malta Malta The authors are to be commended as this is the first book of its kind and is well overdue The content is excellent well referenced and covers all of the important issues The layout makes the book easy to read and the inclusion of pre reading self assessment of knowledge and case studies engages the reader and stimulates further study into the pathophysiology and management of obstetric emergencies I particularly liked the chapter on sepsis Professor Christine Kettle University Hospital of North Staffordshire Staffordshire University UK Part of a case book series this book contains 14 common pregnancy and childbirth emergency scenarios to help prepare student midwives for life in practice Each case explores and explains the pathology pharmacology and care principles and uses test questions and answers to help assess learning The practical cases link theory to practice and their grounding in reality will really help bring midwifery to life The book also Covers the principles pathology and skills involved in a range of birthing scenarios Acts as a useful aide memoire when simulating managing care procedures Demonstrates the importance of inter professional team working in problem solving Uses tables diagrams and textboxes throughout which act as a useful reference point Midwifery Practice is essential

reading for student midwives medical students and paramedics and a valuable resource for health professionals pursuing postgraduate studies in high dependency critical care It is also beneficial to the facilitation of maternity based OSCEs Contributors Sam Bharmal Susan Brydon Margaret Ramsay Jane Rutherford Andrew Sim [Mayes' Midwifery E-Book](#) Sue Macdonald,2011-04-05 Mayes Midwifery an established key textbook for students and qualified midwives contains essential knowledge for professional practice For this 14th edition each section and chapter has been fully updated and enhanced by leading authors to ensure the text complies with contemporary practice and current guidelines Added benefits are the availability of a variety of additional online resources for each chapter including case studies video and website links and a bank of multiple choice questions to test knowledge With a strong emphasis on normal birth the book covers the spectrum of midwifery related topics applied to practice providing a foundation of knowledge and encouraging independent thought through the use of reflective exercises in each chapter and online The book provides midwives with material that meets individual ways of learning and supports current modes of midwifery education Mayes Midwifery is the text for initial preparation and for ongoing midwifery practice New chapters on essential contemporary issues Vulnerable women Perspectives on the future of midwifery in a global context Evidence based information to guide best practice Learning outcomes and Key Points in all chapters Reflective activities Now with an integrated website offering additional resources and material including Multiple choice questions for self testing Case studies Reflective activities to consolidate your professional development Useful additional reading resources and weblinks Expanded topics Downloadable materials including illustrations [**Myles' Textbook for Midwives E-Book**](#) Jayne E. Marshall,Maureen D. Raynor,2014-09-05 The most popular midwifery textbook in the world The sixteenth edition of this seminal textbook Myles Textbook for Midwives has been extensively revised and restructured to ensure that it reflects current midwifery practice with an increased focus on topics that are fundamental to midwifery practice today Well illustrated to assist visual learning Boxes highlighting significant information to aid study Introduction Aims of the chapter and Conclusion for each chapter References Further Reading and Useful websites to promote further learning Glossary of terms and acronyms provide simple definition of more complex terminologies Additional online resources Over 500 multiple choice questions enable students to test their knowledge Unlabelled illustrations help reinforce learning Full image bank of illustrations to make study more visual and assist with projects Full colour illustrations now used throughout the book in response to student feedback Contains many new chapters some of which are authored by members of the multi professional team Up to date guidance on professional regulation midwifery supervision legal and ethical issues risk management and clinical governance Recognition that midwives increasingly care for women with complex health needs in a multicultural society Examination of the dilemmas involved in caring for women with a raised body mass index Chapter on optimising care of the perineum for women with perineal trauma including those who have experienced female genital mutilation Guidance to support the trend for midwives

to undertake the neonatal physical examination of the healthy term infant Additional coverage of basic neonatal resuscitation

The Midwife's Labour and Birth Handbook Vicky Chapman,Cathy Charles,2008-11-11 To practice effectively midwives need to continually update their knowledge of pregnancy and birth This fully revised and updated new edition of The Midwife's Labour and Birth Handbook is a practical and accessible guide to providing midwifery care while promoting women centred care and normality It explores important questions such as Why are women not encouraged to make a birth plan for elective CS If a VBAC woman declines continuous CTG monitoring then why shouldn't she use a waterbirth pool If shoulder dystocia is anticipated why not encourage all fours birth in preference to a semi recumbent position Why are the needs of the delivering professional so often put before the advantages of upright postures for promoting descent of a second twin This new edition incorporates the latest research and national guidelines and includes new chapters on twins caesarean section bullying risk management and IOL By bringing together the latest midwifery information in a woman centred way The Midwife's Labour and Birth Handbook is an essential guide for both student midwives and experienced practising midwives

A Manual of Midwifery, including the pathology of pregnancy and the puerperal state ... Translated into English from the third German edition by C. H. Carter ...
