Preaching Bondage Chris L. De Wet,2025-04-29 Preaching Bondage introduces and investigates the novel concept of doulology the discourse of slavery in the homilies of John Chrysostom the late fourth century priest and bishop Chris L de Wet examines the dynamics of enslavement in Chrysostom s theology virtue ethics and biblical interpretation and shows that human bondage as a metaphorical and theological construct had a profound effect on the lives of institutional slaves The highly corporeal and gendered discourse associated with slavery was necessarily central in Chrysostom s discussions of the household property education discipline and sexuality De Wet explores the impact of doulology in these contexts and disseminates the results in a new and highly anticipated language bringing to light the more pervasive fissures between ancient Roman slaveholding and early Christianity The corpus of Chrysostom s public addresses provides much of the literary evidence for slavery in the fourth century and De Wet s convincing analysis is a groundbreaking contribution to studies of the social world in late antiquity
