*Meister Eckhart, Sermons & Treatises* Meister Eckhart,M. O'C. Walshe,1993-01-01 A faithful and authoritative translation of this fourteenth century Dominican theologian who became the greatest of all German mystics **Meister Eckhart (CWS)** Meister Eckhart,1981 Meister Eckhart c 1260 1327 was a Dominican philosopher and spiritual master whose thought is among the most daring and difficult in the history of western mysticism This volume contains his technical Latin writings and more popular German sermons *Meister Eckhart, Sermons & Treatises* Meister Eckhart,1987 Meister Eckhart thirteenth century Dominican theologian and the greatest of German mystics speaks to us with a new voice in this faithful and authoritative translation by M O C Walshe Eckhart was regarded as the most learned scholar of his time people flocked to hear him preach and his influence on contemporary theology was considerable However his declaration as a heretic has meant that his spiritual message has been lost to us for centuries Today his teachings are being rediscovered by a new generation of spiritual seekers following his wayless way which bridges East and West *On the Blissful Islands with Nietzsche & Jung* Paul Bishop,2016-11-03 What are the blissful islands And where are they This book takes as its starting point the chapter called On the Blissful Islands in Part Two of Nietzsche's Thus Spoke Zarathustra and its enigmatic conclusion The beauty of the Superman came to me as a shadow From this remarkable and powerful passage it disengages the Nietzschean idea of the Superman and the Jungian notion of the shadow moving these concepts into a new interdisciplinary direction In particular On the Blissful Islands seeks to develop the kind of interpretative approach that Jung himself employed Its chief topics are classical the motif of the blissful islands psychological the shadow and philosophical the bermensch or superman blended together to produce a rich intellectual historical discussion By bringing context and depth to a nexus of highly problematic concepts it offers something new to the specialist and the general reader alike So this book considers the significance of the statue in the culture of antiquity and in alchemy and investigates the associated notion of self sculpting as a form of existential exercise This Neoplatonic theme is pursued in relation to a poem by Schiller at the centre of which lies the notion of self sculpting thus highlighting Nietzsche's and Jung's relationship to Idealism Its conclusion directly addresses the vexed and controversial question of Nietzsche's relation to Plato This book's main ambition is to provide a cross cultural interdisciplinary reading of key themes and motifs using Jungian ideas in general and Jung's vast seminar on Zarathustra in particular to uncover a dimension of deep meaning in key passages in Nietzsche Engaging the reader directly on major existential questions it aims to be an original thought provoking contribution to the history of ideas and to show that Zarathustra was right There still are blissful islands This book will be stimulating reading for analytical psychologists including those in training and academics and scholars of Jungian studies Nietzsche and the history of ideas

**Meister Eckhart, Sermons & Treatises: With the newly discovered fragment of an unknown sermon** Meister Eckhart, Meister Eckhart thirteenth century Dominican theologian and the greatest of German mystics speaks to us with a

new voice in this faithful and authoritative translation by M O C Walshe Eckhart was regarded as the most learned scholar of his time people flocked to hear him preach and his influence on contemporary theology was considerable However his declaration as a heretic has meant that his spiritual message has been lost to us for centuries Today his teachings are being rediscovered by a new generation of spiritual seekers following his wayless way which bridges East and West *The Blue Sapphire of the Mind* Douglas E. Bishop,2011-09-30 *The Archaic* takes as its major reference points C G Jung's classic essay *Archaic Man* 1930 and Ernesto Grassi's paper on *Archaic Theories of History* 1990 Moving beyond the confines of a Jungian framework to include other methodological approaches this book explores the concept of the archaic Defined as meaning old fashioned primitive antiquated the archaic is in fact much more than something very very old it is timeless inasmuch as it is before time itself Arch Urgrund Ungrund primordial darkness eternal nothing are names for something essentially nameless yet whose presence we nevertheless intuit This book focuses on the reception of myth in the tradition of German Idealism or Romanticism Creuzer Schelling Nietzsche which not only looked back to earlier thinkers such as Jacob Boehme but also laid down roots for developments in twentieth century thought Ludwig Klages Martin Heidegger *The Archaic* also includes studies of the Germanic dimension of the archaic Charles Bambach Alan Cardew a discussion of the mytho phenomenological approach to the archaic Robert Josef Kozlani a series of articles on Jung's understanding of the archaic Paul Bishop Susan Rowland Robert Segal This book will be of interest to psychoanalysts anthropologists and phenomenologists as well as students of psychology cultural studies religious studies and philosophy as it seeks to rehabilitate a concept of demonstrable and urgent relevance for our time **An Ocean of Light** Martin Laird,2019 In the third of Martin Laird's best selling books on Christian contemplative life Laird considers the deepening dynamics of contemplation for those who have settled into a maturing practice of meditation Drawing on the works of writers ranging from St Augustine and St Teresa of Avila to Flannery O Connor and David Foster Wallace Laird grounds his methodology in both ancient practice and contemporary language With characteristic lyricism and gentleness he guides readers through new challenges of contemplative life such as the danger of using a spiritual practice as a strategy for personal gain making ourselves the focus of our own contemplative project dealing with old pain and transforming the isolation of loneliness and depression into a place of liberating solidarity with all who suffer

**Meister Eckhart** Hee-Sung Keel,2007-11-28 Meister Eckhart 1260-1328 is undoubtedly the most important thinker in the West for drawing the spiritual heritage of Christian mysticism close to the monistic spirit that infuses so much of Asian religious thought His vision of the *unio mystica* of God and the soul as a perfect unity goes far beyond the conventional mysticism of love that was dominant before him Eckhart's mysticism of unity a bold and revolutionary affirmation of a perfect divine human unity realized in the ground of the soul as well as the mystical atheism it gave rise to inspired a wealth of profound spiritual insights that continue to challenge the reader of his sermons today

Without neglecting other aspects of Eckhart's mystical thought that are not easily reconciled with this radical vision of divine human unity the author takes a careful look at the nature of the Dominican master's mysticism its philosophical background and its implications for ethics and secular religiosity drawing particular attention to its role in the East West religious dialogue and the shaping of a vision of the spiritual unity of humankind Book jacket **The Harvest of Mysticism in**

**Medieval Germany (1300-1500)** Bernard McGinn,2005 The fourth volume in the universally acclaimed The Presence of God series The Harvest of Mysticism is a tour de force study of medieval German mysticism from Thomas Aquinas and his master Albert the Great to Cardinal Nicholas of Cusa and including Jan van Ruusbroeck Meister Eckhart and John Tauler

**History of Philosophy, from Thales to the Present Time** Friedrich Ueberweg,1875 *A history of philosophy, from Thales to the present time. Tr. by G.S. Morris, with additions by N. Porter* Friedrich Ueberweg,1872 *Slavoj Žižek and Christianity* Sotiris Mitralexis,Dionysios Skliris,2018-07-18 Slavoj Žižek's critical engagement with Christian theology goes much further than his seminal *The Fragile Absolute* 2000 or his *The Puppet and the Dwarf* 2003 or even his discussion with noted theologian John Milbank in *The Monstrosity of Christ* 2009 His reading of Christianity utilising his signature elements of Lacanian psychoanalysis and Hegelian philosophy with modern philosophical currents can be seen as a genuinely original contribution to the philosophy of religion This book focuses on these aspects of Žižek's thought with either philosophy and cultural theory or Christian theology serving as starting points of enquiry Written by a panel of international contributors each chapter teases out various strands of Žižek's thought concerning Christianity and religion and brings them into a wider conversation about the nature of faith These essays show that far from being an outright rejection of Christian thought and intellectual heritage Žižek's work could be seen as a perverse affirmation thereof Thus what he has to say should be of direct interest to Christian theology itself Touching on thinkers such as Badiou Lacan Chesterton and Schelling this collection is a dynamic reading and re-reading of Žižek's relationship to Christianity As such scholars of theology the philosophy of religion and Žižek more generally will all find this book to be of great interest **A History of Philosophy: History of the ancient and mediaeval philosophy** Friedrich Ueberweg,1872 **Meister Eckhart** Richard Woods,2011-03-17 A clear exposition of

important themes in Eckhart's spiritual teaching at a time of huge interest in mystical theology **Meister Eckhart** Meister Eckhart,1958 The name of Meister Eckhart the great Dominican friar of the early fourteenth century is well known to all serious students of mysticism but he is as much thinker as visionary In his works we can hear the inspired preacher whose fame spread from the North Sea to the Alps from the Rhine to Bohemia whose sermons attracted vast audiences in Cologne and Strasbourg and we can also hear the Doctor of Paris the philosopher and theologian who explored the profoundest mysteries of human experience This selection contains translations from both his Latin and German works forming a balanced whole and covering every aspect of Eckhart's thought **Meister Eckhart** Meister Eckhart,1987 **A History**

This is an OCR edition with typos. Excerpt from book THE PHILOSOPHY OF ANTIQUITY 5 The general characteristic of the human mind in ante Christian and particularly in Hellenic antiquity may be described as its comparatively unreflecting belief in its own harmony and of its oneness with nature. The sense of an opposition as existing either among its own different functions and interests or between the mind and nature and as needing reconciliation is as yet relatively undeveloped. The philosophy of antiquity like that of every period partakes necessarily in what concerns its chronological beginnings and its permanent basis of the character of the period to which it belongs while at the same time it tends at least in its general and most fundamental direction upward and beyond the level of the period and so prepares the way for the transition to new and higher stages. For the solution of the difficult but necessary problem of a general historical and philosophical characterization of the great periods in the intellectual life of humanity the Hegelian philosophy has labored most successfully. The conceptions which it employs for this end are derived from the nature of intellectual development in general and they prove themselves empirically correct and just when compared with the particular phenomena of the different periods. Nevertheless the opinion is scarcely to be approved that philosophy always expresses itself most purely only in the universal consciousness of the time the truth is rather that it rises above the range of the general consciousness through the power of independent thought generating and developing new germs and anticipating in theory the essential character of developments yet to come thus e.g. the Platonic state anticipates some of the essential characteristics of the form of the Ch. Sermons of Meister Eckhart Meister Eckhart, 2023-11-18 In Sermons of Meister Eckhart the influential 14th century German theologian and mystic presents a profound exploration of the nature of God the soul and the interplay between the two. This collection characterized by its strikingly original language rich metaphors and intricate theological dialogue invites readers into the depths of Christian mysticism. Eckhart's sermons are marked by a radical emphasis on the concept of the birth of the Word within the individual challenging conventional ecclesiastical interpretations and calling for an intimate and personalized connection with the divine. Written against the backdrop of a slowly crumbling feudal society Eckhart's work reflects the tensions and transformations of his time positioned philosophically between scholasticism and emerging Renaissance humanism. Meister Eckhart (c. 1260-1328) was a Dominican friar whose teachings have captivated and perplexed audiences for centuries. His innovative thought challenges the orthodoxy of his day leading to later controversies and posthumous condemnation by the Church. Eckhart's own life was marked by a quest for deeper spiritual understanding shaped by his experiences in both academic and pastoral settings which undoubtedly informed the depth and breadth of insight found in these sermons. For readers seeking spiritual depth or an introduction to medieval mysticism Sermons of Meister Eckhart is an invaluable resource. Its thought provoking content and lyrical style encourage contemplation and introspection making it a timeless work for those looking to explore the

intersection of faith philosophy and personal experience
