Your Data Will Be Used Against You Andrew Guthrie Ferguson, 2026-03-17 Interrogates how digital self surveillance can be turned against us by police prosecutors and political whims For consumers living in a digitally connected world smart technologies have built an inescapable trap of digital self surveillance Smart cars smart homes smart watches and smart medical devices track our most private activities and intimate patterns While these devices allow users to receive personal insights by monitoring their every move that data can be accessed by police and prosecutors looking to find incriminating clues Digital technology exposes everyone everywhere all at once and we have few laws to regulate it In *Your Data Will Be Used Against You* Andrew Guthrie Ferguson warns us of how the rise of sensor driven technology social media monitoring and artificial intelligence can be weaponized against democratic values and personal freedoms At the same time that data will solve crimes radically transforming how criminal cases are prosecuted Ferguson explores how this proliferation of private data in combination with public surveillance networks promises new ways to solve previously unsolvable crimes but also leaves us vulnerable to governmental overreach and abuse He argues for legal interventions that address the threat of digital self surveillance and provides concrete suggestions about how legislators judges and communities should respond As consumers citizens and potential subjects of surveillance the questions in this book must be confronted now before the trap of surveillance captures us completely Providing a stark warning of the dangers of digital self surveillance *Your Data Will be Used Against You* is a defense of civil liberties against the growing threat of data driven policing

Fairfax Media Australia **College Football** John Sayle Watterson, 2000-11 In this 100 year history of America's popular pastime, John Sayle Watterson shows how college football evolved from a simple game played by college students into the lucrative semi professional enterprise it has become today. He covers the infamous Yale-Princeton fiasco of 1881, the reforms of 1910, how college football grew in the booming economy of the 1920s and the revelations of illicit aid to athletes in the 1930s. He also explains how the growth of TV revenue led to college football programmes unprecedented prosperity. He explores issues of gender and race from the shocked reactions of spectators to the first female cheerleaders in the 1930s to their successful exploitation by Roone Arledge three decades later. **Horrible White People** Taylor Nygaard, Jorie Lagerwey, 2020-11-24 Examines the bleak television comedies that illustrate the obsession of the white left with its own anxiety and suffering. At the same time that right wing political figures like Donald Trump were elected and reactionary socio-economic policies like Brexit were voted into law, representations of bleakly comic white fragility spread across television screens. American and British programming that featured the abjection of young middle class liberal white people, such as *Broad City*, *Casual*, *You're the Worst*, *Catastrophe*, *Fleabag* and *Transparent* proliferated to wide popular acclaim in the 2010s. Taylor Nygaard and Jorie Lagerwey track how these shows of the white left obsessed with its own

anxiety and suffering are complicit in the rise and maintenance of the far right particularly in the mobilization representation and sustenance of structural white supremacy on television Nygaard and Lagerwey examine a cycle of dark television comedies the focus of which are horrible white people by putting them in conversation with similar upmarket comedies from creators and casts of color like Insecure Atlanta Dear White People and Master of None Through their analysis they demonstrate the ways these non white centric shows negotiate prestige TV s dominant aesthetics of whiteness and push back against the centering of white suffering in a time of cultural crisis Through the lens of media analysis and feminist cultural studies Nygaard and Lagerwey s book opens up new ways of looking at contemporary television consumption and the political cultural and social repercussions of these horrible white people shows both on and off screen
