

## ***Of Mice and Men: Viewing Guide***

### **I. Vocabulary**

**flashback:** alteration in story order in which the plot moves back in time to show events that have taken place earlier than those already shown.

**Point of View (POV) shot:** a shot taken from the position of a character's eyes. It shows the viewer what things look like from the character's position.

**Wide angle:** the use of a wide-angle lens to create a shot that captures a wide range of elements.

**Crosscutting:** editing that alternates shots of two or more lines of action occurring in different places. It is often used during dramatic sequences to increase tension.

---

### **II. Cast/Crew**

Unlike the novel *Of Mice and Men*, which was essentially created by one man, John Steinbeck, the film version is a collaborative effort. Each person on screen and behind the scene influences the overall film.

1. Who wrote the screenplay?

2. Who is the director?

3. Who plays George?

- Do you think this was good casting? What is different about the looks and behavior of the actor from what you imagined?

4. Who plays Lennie?

- Does the actor portray Lennie differently from what you imagined while reading? Does the actor bring anything new to the character that emphasizes a characteristic?

---

### **III. Film**

5. What is George riding in the first sequence?

6. How is the movie a flashback?

7. What is gained by making the film a flashback as opposed to the way it is presented in the book?
