*Penguin Classics Introduction to Our Mutual Friend by Charles Dickens (Penguin Classics)* Adrian Poole, 1997      **Our Mutual Friend (Penguin Classics) (illustrated)** Charles Dickens, 2021-09-24

Our Mutual Friend written in 1864 1865 is the last novel completed by Charles Dickens and is one of his most sophisticated works combining savage satire with social analysis. It centres on, in the words of critic J Hillis Miller quoting from the character Bella Wilfer in the book, money, money, money, and what money can make of life. Most reviewers in the 1860s continued to praise Dickens' skill as a writer in general but did not review this novel in detail. Some found the plot both too complex and not well laid out. The Times of London found the first few chapters did not draw the reader into the characters. In the 20th century, however, reviewers began to find much to approve in the later novels of Dickens, including Our Mutual Friend. In the late 20th and early 21st centuries, some reviewers suggested that Dickens was in fact experimenting with structure and that the characters considered somewhat flat and not recognized by the contemporary reviewers. 6 were meant rather to be true representations of the Victorian working class and the key to understanding the structure of the society depicted by Dickens in the novel.

A satiric masterpiece about the allure and peril of money, Our Mutual Friend revolves around the inheritance of a dust heap where the rich throw their trash. When the body of John Harmon, the dust heap's expected heir, is found in the Thames, fortunes change hands, surprisingly raising to new heights Noddy Boffin, a low-born but kindly clerk who becomes the Golden Dustman. Charles Dickens's last complete novel, Our Mutual Friend, encompasses the great themes of his earlier works: the pretensions of the nouveaux riches, the ingenuousness of the aspiring poor, and the unfailing power of wealth to corrupt all who crave it. With its flavorful cast of characters and numerous subplots, Our Mutual Friend is one of Dickens's most complex and satisfying novels.

First published serially between 1864 and 1865, Our Mutual Friend is the last novel completed by Charles Dickens. The death of a wealthy miser who is estranged from all except his trusted employees, Nicodemus and Henrietta Boffin, brings his son John Harmon back to London in order to claim his inheritance. The patrimony carries with it one condition: that he marry a woman he has never met, Miss Bella Wilfer. When a body is found floating in the Thames, it is presumed to be John, and the inheritance instead passes to the Boffins. The kind-hearted working-class Boffins
