Our Kingdom Ministry July 2013:

The Politics of Spiritual Work in Christian Movements Aini Linjakumpu, 2025-08-06 This book examines how three conservative Christian movements Jehovah's Witnesses, Conservative Laestadians and the Old Order Amish attribute spiritual meanings to both paid employment and voluntary work and how work functions as a tool of governance within these communities. A central concept developed in this book is spiritual work used to describe forms of labour imbued with religious meaning and purpose. This book offers a detailed analysis of how religious interpretations of work regulate members' lives and sustain internal power dynamics. By tracing both the theological roots and social consequences of these interpretations, the study demonstrates that work is not merely an economic necessity but a central component of the moral and spiritual order within these movements. Framed by perspectives from the study of power and governance, this book identifies three key dimensions through which governance operates via work: shaping individual spirituality, reinforcing communal belonging and cohesion, and regulating the boundary between the religious community and the outside world.

Children Behind Bars Carolyne Willow, 2015-02-11 This engaging book presents the shocking truth about the lives and deaths of children in custody. Drawing on human rights legislation, it outlines the harsh realities of penal child custody. The issues are explored through the lens of protection, not punishment, and the author finds there can be only one conclusion: child prisons must close.

Drone Wars: Ethical, Legal and Strategic Implications, 2014-02-15 Lethal drones have been used in the last 12 years by the United States to strike targets and eliminate terrorists in Afghanistan, Pakistan, Somalia, Yemen and a few other countries. Details of how armed drones are being used in or outside of declared wars are closely guarded secrets by all three states known to use them. However, these drones have also been responsible for killing and injuring thousands of civilians, including women and children, besides destroying homes and property. The US and its allies have claimed that the drone strikes have been spectacularly successful in terms of both finding and killing targeted enemies. Drones have been projected as a military necessity, and their market is growing fast, especially for intelligence surveillance and reconnaissance. The use of unmanned drones to target belligerents raises many complex issues. It is of crucial importance that traditional ethical rules and practices are applied, that rules of international law are observed even while engaging with terrorists. There are a few who justify the use of drones, but their argument is somewhat similar to the argument used for dropping atomic bombs over Japan in WWII. Lethal drones are a weapon of rich nations who have used them to attack poor defenceless nations. This book discusses the ethical, legal and strategic issues relating to the use of drones in armed conflict.

Regulating Corporate Criminal Liability Dominik Brodowski, Manuel Espinoza de los Monteros de la Parra, Klaus Tiedemann, Joachim Vogel, 2014-06-30 Corporate Criminal Liability is on the rise worldwide. More and more legal systems now include genuinely criminal sanctioning for legal entities. The various regulatory options available to national criminal justice systems, their implications and their constitutional, economic and psychological parameters are key questions addressed in this volume.

Specific emphasis is put on procedural questions relating to corporate criminal liability on alternative sanctions such as blacklisting of corporations on common corporate crimes and on questions of transnational criminal justice Cyber Conflicts and Small States Lech J. Janczewski, William Caelli, 2016-09-17 The probability of a world wide cyber conflict is small Yet the probability of forms of cyber conflict regional or even global could be argued as being very high Small countries are usually signatories to military and economic alliances with major world powers but rely heavily on the technical ability of these powers in protecting their own national interests They may be considered to be IT technology colonies Their cyber infrastructure is usually fully imported and their ability to assess it is limited This book poses the question to what extent should or can a small country prepare itself for handling the broad range of cyber threats Looking at cyber warfare cyber terrorism cyber crime and associated concerns national experts from New Zealand Australia The Netherlands and Poland present analyses of cyber defence realities priorities and options for smaller countries They show that what is needed is the ability of small nations to be able to define and prepare appropriate responses such as the role of military law enforcement business entities continuity and resilience strategies incident response and business continuity plans and more for handling nationally aimed cyber attacks particularly where these address national critical infrastructures *Final Record of the One Thousand Three Hundred and Forty-second Plenary Meeting*, 2015 **Collective Intentionality and the Study of Religion** Andrea Rota, 2023-06-29 Examines philosophical perspectives on collective intentionality and social ontology for the study of religion **Using the Law in Social Work** Robert Johns, Jacqueline Harry, 2025-12-12 A core function of social work is to assist empower and protect the most vulnerable in society requiring social workers to often make decisions in complex and challenging situations This book helps social workers understand their statutory duties keep up to date with relevant law legislation and legal processes and learn how to apply this knowledge to social work practice Using jargon free language it provides a grounding in legally appropriate rights based social work across services for children and families and child protection adult care law youth justice court work professional regulation and human rights CMC-AH Crisis Management Centre Animal Health, Activity Report October 2012-September 2014 Food and Agriculture Organization (FAO), 2014 The Crisis Management Centre Animal Health CMC AH is a primary facility of the Food and Agriculture Organization of the United Nations FAO and World Organisation for Animal Health OIE for animal disease emergency response A combined effort of FAO s Animal Health Service and FAO s Emergency and Rehabilitation Division within the Emergency Centre for Transboundary Animal Disease ECTAD the CMC AH unites FAO s extensive technical and operational expertise with that of OIE the World Health Organization WHO and other international national and local partners With the support of its generous donors the CMC AH provides technical and operational assistance to help affected governments assess situations on the ground and develop immediate solutions to help prevent or stop disease spread CMC AH efforts also represent the first step toward broader assistance Working to facilitate the transition from immediate emergency assistance

Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. Our Kingdom Ministry July 2013 : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Our Kingdom Ministry July 2013 : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
