**This American Moment** Caron E. Gentry, 2018-08-07 This American Moment looks at the anxieties that plague American politics including those that deny the importance of Black Lives Matter and support the subordination of women particularly as they relate to the election and continued support of President Trump. The book proposes feminist Christian realism as an update on Reinhold Niebuhr's Christian realism as a way to re-engage the importance of love and relationships in politics.

**Digital Strategies And Organizational Transformation** G Reza Djavanshir, 2023-08-02 In today's highly competitive business environments with the rise of digital businesses and digital economy digital strategies and organizational changes go hand in hand. Organizations that possess a robust digital strategy benefit greatly from the advancements of emerging digital technologies and hence making necessary organizational changes in order to maximize the benefits have become vital for their survival. According to MIT Sloan's Center for Information Systems Research CISR in this period of digital disruption businesses focused narrowly on value chains are at a disadvantage. Next generation enterprises need to think more broadly about their business ecosystems leverage digitization to understand their customers better and establish options for future success. Therefore competitive businesses have started using a variety of digital tools including artificial intelligence alongside other digital applications making the required changes to their organizational models and cultures to better serve their customers efficiently and effectively. This book contains a collection of chapters describing these digital strategies and how they go hand in hand with organizational changes. We solicited contributions from well known academics from universities business leaders and experts within businesses and government organizations for this book. The majority of the chapters examines the necessary relationships between these two critical issues. Specifically this book discusses how to infuse new knowledge into ongoing discourse and debates within academia and business organizations regarding digital strategies and organizational changes and how to accomplish seamless integration of digital tools and applications into organizational platforms in order to accomplish the required organizational changes smoothly. In summary this book discusses the integration and implementation of digital technology and the required organizational changes to take advantage of the phenomenon of digitization. In order to create competitive advantage leadership organizations must address the challenges of formulating and implementing robust digital strategies and simultaneously start making the required organizational changes as this book concludes.
