Trends in Nutrition Research Tony P. Starks, 2006 This work talks about the taking in and use of food and other nourishing material by the body Nutrition is a 3 part process First food or drink is consumed Second the body breaks down the food or drink into nutrients Third the nutrients travel through the bloodstream to different parts of the body where they are used as fuel and for many other purposes To give the body proper nutrition a person has to eat and drink enough of the foods that contain key nutrients This new book examines new research in this field which is belatedly receiving the proper attention
