*Memes to Movements* An Xiao Mina, 2019-01-08 A global exploration of internet memes as agents of pop culture politics protest and propaganda on and offline and how they will save or destroy us all Memes are the street art of the social web Using social media driven movements as her guide technologist and digital media scholar An Xiao Mina unpacks the mechanics of memes and how they operate to reinforce amplify and shape today's politics She finds that the silly stuff of meme culture the photo remixes the selfies the YouTube songs and the pun tastic hashtags are fundamentally intertwined with how we find and affirm one another direct attention to human rights and social justice issues build narratives and make culture Mina finds parallels for example between a photo of Black Lives Matter protestors in Ferguson Missouri raising their hands in a gesture of resistance and one from eight thousand miles away in Hong Kong of Umbrella Movement activists raising yellow umbrellas as they fight for voting rights She shows how a viral video of then presidential nominee Donald Trump laid the groundwork for pink pussyhats a meme come to life as the widely recognized symbol for the international Women's March Crucially Mina reveals how in parts of the world where public dissent is downright dangerous memes can belie contentious political opinions that would incur drastic consequences if expressed outright Activists in China evade censorship by critiquing their government with grass mud horse pictures online Meanwhile governments and hate groups are also beginning to utilize memes to spread propaganda xenophobia and misinformation Botnets and state sponsored agents spread them to confuse and distract internet communities On the long winding road from innocuous cat photos internet memes have become a central practice for political contention and civic engagement *Memes to Movements* unveils the transformative power of memes for better and for worse At a time when our movements are growing more complex and open ended when governments are learning to wield the internet as effectively as protestors Mina brings a fresh and sharply innovative take to the media discourse

**Internet Memes and Copyright Law** Brian Chun Lok Leung, 2025-09-30 This book explores the intricate relationship between copyright law and internet meme culture challenging an assumption that copyright is a barrier to digital creativity Using the lens of internet memes to analyse copyright law in the context of participatory remix culture the book confronts a common perception that copyright is the destroyer of internet memes on social media platforms Following the European Union's Copyright Directive widely known as the Meme Ban this book critically examines whether copyright might instead be reimagined to foster rather than inhibit re creations that define internet meme culture The book argues that this culture directly challenges copyright's core assumptions and proposes a new holistic approach to copyright that distinguishes between traditional and emergent forms of creative processes Arguing for a flexible interpretation of copyright that limits private proprietary rights in the case of internet memes it provides a legal framework to support socio cultural discourse without undermining copyright's foundational principles Covering core copyright concepts such as authorship idea expression originality fair dealing and user rights the book provides a compelling

argument as to how copyright can adapt to the digital age as a protector of cultural expressions ensuring that internet memes are not only preserved but celebrated The book will be of interest to researchers in the field of copyright law the law of emerging technologies and intellectual property law      *International Medical Graduates in the United States* Hassaan Tohid, Howard Maibach, 2021-01-04 Thousands of international medical graduates come to the United States to start their career as physicians Many of them however are not aware of the challenges and problems that they may encounter along the way These difficulties can range from the language and cultural barriers to a lack of confidence and self esteem Many students are also unaware of the other career options besides getting into a clinical residency program As a result of these issues a great number of foreign medical students remain unmatched into the National Resident Matching Program Not matching can be devastating for these graduates both financially and medically Students often suffer from psychological effects like major depression and generalized anxiety disorder This book outlines the potential problems faced by these graduates and their possible solutions Each chapter collects research evidence interviews and surveys to gather information to work on each possible problem one by one and describes a solution in great detail Comprised of thirty chapters each chapter is broken down into smaller sub sections to investigate the main theme in depth Issues addressed include the different types of international medical graduates and their lives in the United States differences in the education system and healthcare system the triangle of residency language and cultural barriers lack of professional contacts confidence self image and self esteem issues and restriction to specific fields and career paths Written by experts in the field *International Medical Graduates in the United States* is a first of its kind text that addresses the biggest issues faced by foreign medical graduates in today s world      **Deconstructing the Education-Industrial Complex in the Digital Age** Loveless, Douglas, Sullivan, Pamela, Dredger, Katie, Burns, Jim, 2017-01-10 Developments in the education field are affected by numerous and often conflicting social cultural and economic factors With the increasing corporatization of education teaching and learning paradigms are continuously altered *Deconstructing the Education Industrial Complex in the Digital Age* is an authoritative reference source for the latest scholarly research on the shifting structure of school models in response to technological advances and corporate presence in educational contexts Highlighting a comprehensive range of pertinent topics such as teacher education digital literacy and neoliberalism this book is ideally designed for educators professionals graduate students researchers and academics interested in the implications of the education industrial complex      **Because Internet** Gretchen McCulloch, 2019-08-29 THE ACCLAIMED NEW YORK TIMES BESTSELLER Have you ever puzzled over how to punctuate a text message Wondered where memes came from Fret no more *Because Internet* is the perfect book for understanding how the internet is changing the English language why that s a good thing and what our online interactions reveal about who we are McCulloch is such a disarming writer lucid friendly unequivocally excited about her subject that I began to marvel at the flexibility of the online language she describes with its numerous shades of subtlety New York Times
