## On Loyalty On Loyalty:

**Why Loyalty Matters** Timothy Keiningham, Lerzan Aksoy, Luke Williams, 2010-09 Why Loyalty Matters provides compelling insight into how our loyalties large and small lay the foundation for our happiness and determine the kind of world we live in Businesses across the country are suffering in todays rocky economic times and Why Loyalty Matters offers a convincing call for revolutionary change in the way we view and conduct our professional and personal lives Renowned loyalty experts Timothy Keiningham and Lerzan Aksoy combine their own groundbreaking research with the leading thinking in philosophy sociology psychology economics and management to provide breakthrough insight into the role that loyalty can and should play in our lives at home and at work The book presents evidence that loyalty is the prescription to the emptiness we feel in our lives and to the increasing fragmentation we see in our communities through countless failing businesses Why Loyalty Matters offers a comprehensive guide to understanding what loyalty is what it isnt and how to unlock its power Examining the role of loyalty in all aspects of our lives Why Loyalty Matters offers a new and potentially life changing way to understand our innate need for loyalty as well as our ability to sustain loyal relationships throughout our lives Why Loyalty Matters is both a powerful contribution to the science of loyalty research and a gift to all those who lament the decline in loyalty we witness all around us and seek to build the foundation for lasting fulfillment Loyalty George P. Fletcher, 1993 This book is an important contribution to the public debate on morality politics and the law and is unique in its exploration of loyalty and its role in our personal and national identity *Loyalty Management* Cristina Ziliani, Marco Ieva, 2019-10-08 In this insightful new text Cristina Ziliani and Marco Ieva trace the evolution of thinking and practice in loyalty management From trading stamps to Amazon Prime and Alibaba 88 Membership they present a fresh take on the tools strategies and skills that underpin its key significance in marketing today Loyalty management is increasingly identified with the design and management of a quality customer experience on the journey across the many touchpoints that connect the customer with the brand Evaluating the research on best practice and offering concrete examples from industry the authors argue that existing schemes and systems are not just things of the past but should be the optimal starting point for companies needing to foster customer loyalty in an omnichannel world Drawing on 20 years of experience in research consulting and teaching the authors have compiled a unique research based practice oriented text It will guide marketers business leaders and students through the changes in marketing thought and practice on loyalty management as well as offering practical guidance on the skills and capabilities that companies need if they want to be successful at delivering essential loyalty driving customer experiences **The Limits of Loyalty** Simon Keller, 2007 We prize loyalty in our friends lovers and colleagues but loyalty raises difficult questions What is the point of loyalty Should we be loyal to country just as we are loyal to friends and family Can the requirements of loyalty conflict with the requirements of morality In this book originally published in 2007 Simon Keller explores the varieties of loyalty and their psychological and ethical differences and concludes

that loyalty is an essential but fallible part of human life He argues that grown children can be obliged to be loyal to their parents that good friendship can sometimes conflict with moral and epistemic standards and that patriotism is intimately linked with certain dangers and delusions He goes on to build an approach to the ethics of loyalty that differs from standard communitarian and universalist accounts His book will interest a wide range of readers in ethics and political philosophy

*Loyalty Is the Difference Maker!* Sayed Abuelmagd, Si Sayed Ibrahim Abuelmagd DM, 2015-06-01 This wonderful book makes the important point that for social connections to be meaningful and to make us happy and healthy they cannot be fleeting and that loyalty is a key ingredient of a life lived well Loyalty is a key ingredient in creating a high performance culture Those leaders athletes or coaches who can leverage the power of loyalty have a distinct home field advantage It is the first playbook of its kind This book not only identifies issues but also provides real life answers In a complicated world it is an excellent resource to utilize with struggling individuals and teams and it is considered your own motivations and behaviors that influence your personal happiness and satisfaction What makes the final difference in personal and professional relationships Loyalty is the difference maker This book provides exceptional insight into the nuances of loyalty and how to achieve the right kind It will be of great interest to all who seek to enhance their well being through loyalty It is a paradox that with increased quality of life fewer people seem to be truly happy Contrary to popular thinking no man is an island This book makes a brilliant case of linking loyalty to happiness To improve our individual and collective happiness we need to rethink our caring for other people The reward is the mutual joy of being included into something big and enriching This is a fun and fascinating book that is almost impossible to put down and it provides solutions to a critical problem If you want to be a better friend spouse manager employee customer citizen or if you just want to be happier please read this book This book generates insightful information about all types of loyalty and provides compelling arguments for why loyalty is important in all walks of life A lot of analytical thinking has gone in to the writing of this book A must read for everyone It offers a fascinating analysis of the many facets of loyalty Anyone interested in enhancing their quality of life and who isn't will enjoy reading and benefit immensely from this well researched wonderfully crafted and engaging book It is one of those rare books that teach profound business life and history lessons simultaneously Read it and be inspired Our loyalty sickness needs attention and this book provides a wake up call and a start on the road to recovery As it reminds us loyalty is not instinctive in human nature we all need constant training in the art of loyalty That's why this book is an important read for us all as citizens as business managers and executives and as individuals There is no friend as loyal as a book and now there is a book on loyalty that should be a friend to every person who is intelligently developing his or her business The practical precepts in this book can be applied both personally and professionally to enhance one's effectiveness and overall satisfaction

**Loyalty in America** John H. Schaar, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them

voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1957 *The Impact of Loyalty* Brian Terry,2023-05-25 In a world driven by connections and relationships loyalty stands as a beacon of trust promising unwavering support and devotion It is a virtue cherished in both business and personal spheres symbolizing the strength of alliances and the foundation of lasting bonds But what if loyalty is not the unassailable virtue we perceive it to be What if it conceals a darker more complex truth In *The Impact of Loyalty Why Loyalty is a Double Edged Sword in Business and Personal Life* the author delves deep into the enigmatic nature of loyalty unraveling its profound impact on our lives relationships and the very fabric of society With a keen eye for detail and a sharp intellect he explores the fascinating dichotomy of loyalty exposing its paradoxical nature and shedding light on the consequences that often lie hidden beneath its facade Drawing from experience and extensive research this thought provoking book challenges conventional wisdom and offers a fresh perspective on loyalty s power dynamics It guides us through the intricate labyrinth of loyalty revealing the intricate dance between trust and betrayal devotion and manipulation With astute observations the author examines how loyalty can both unite and divide empower and exploit Through vivid studies from the worlds of business politics and personal relationships he exposes the ways loyalty can be weaponized leading to unforeseen outcomes and unforeseen dangers From the rise and fall of empires to the struggles within our hearts this exploration of loyalty spans the breadth of human experience *The Impact of Loyalty* is a captivating journey that will challenge your preconceptions making you question the very nature of loyalty itself It navigates the treacherous waters of loyalty s dual nature revealing the delicate balance between allegiance and independence As you delve into its pages you will discover the profound influence loyalty wields over our choices the risks it presents and the price we pay for unwavering devotion Prepare to be captivated by a narrative that unravels the complex tapestry of loyalty leaving you pondering the boundaries of trust and the hidden truths that lie beneath its shimmering surface This book will leave an indelible mark on your understanding of loyalty forever altering the way you perceive and navigate the intricate relationships that shape your personal and professional lives **A woman's loyalty** Iza Duffus Hardy,1893 **On Loyalty and Loyalties** John Kleinig,2014-05-02 Deep friendship may express profound loyalty but so too may virulent nationalism What can and should we say about this Janus faced virtue of the will This volume explores at length the contours of an important and troubling virtue its cognates contrasts and perversions its strengths and weaknesses its awkward relations with universal morality its oppositional form and limits as well as the ways in which it functions in various associative connections such as friendship and familial relations organizations and professions nations countries and religious tradition **Handbook of Research on Managing and Influencing Consumer Behavior** Kaufmann, Hans-Ruediger,2014-10-31 In recent years all types of businesses have increasingly focused on the importance of the relationship with the customer Customer knowledge management has become a well known term

used in the business and academic worlds for understanding how to control consumer behavior The Handbook of Research on Managing and Influencing Consumer Behavior discusses the importance of understanding and implementing customer knowledge management and customer relationship management into everyday business workflows This comprehensive reference work highlights the changes that the Internet and social media have brought to consumer behavior and is of great use to marketers businesses academics students researchers and professionals The Loyalty Effect Harvard Business Review Staff,1996 The Loyalty Effect will demonstrate the power of loyalty based management as a welcome highly profitable alternative to the economics of perpetual churn It will debunk the pervasive myth about the death of loyalty provide managers with an effective approach to sustained value creation It will change the way companies think about loyalty profits the nature of business In The Loyalty Effects Reichheld reveals the secrets of successful companies that base their business strategies on loyal relationships He analyzes traditional accounting that drive long term business success His startling conclusions show how even a small improvement in customer retention can sometimes double profits The Test Drive Avital Ronell,2005-04-13 The Test Drive deals with the war perpetrated by highly determined reactionary forces on science and research How does the government at once promote and prohibit scientific testing and undercut the importance of experimentation To what extent is testing at the forefront of theoretical and practical concerns today Addressed to those who are left stranded by speculative thinking and unhinged by cognitive discourse The Test Drive points to a toxic residue of uninterrogated questions raised by Nietzsche Husserl and Derrida Ranging from the scientific probe to modalities of testing that include the limits of friendship or love this work explores the crucial operations of an uncontestable legitimating machine Avital Ronell offers a tour de force reading of legal pharmaceutical artistic scientific Zen and historical grids that depend upon different types of testability involving among other issues what it means to put oneself to the test **The Virtue of Loyalty** Troy Jollimore,2024 Loyalty is a highly contested virtue One the one hand some have wondered whether it is really a virtue at all On the other we might doubt whether a person who was not loyal to anything could be said to have a defined moral character Loyalty is so fundamental to so many of our relationships and commitments that it is hard to imagine a world without it Because it structures our lives by setting horizons and limits within which we make choices and conduct our affairs it is difficult to appreciate how significant profound and pervasive its influence is That said loyalty is a particularly salient moral concept in the public sphere where demands for loyalty of various sorts not to mention accusations of disloyalty often inspire fervently passionate responses Although loyalty invites moral objections and poses philosophical puzzles it is undeniably held in high regard and viewed with great significance by many people This volume presents ten new academic essays on the topic of loyalty considered as a virtue written by scholars in philosophy law religious studies empirical psychology and child development and approached from a diverse array of backgrounds and perspectives The Virtue of Loyalty aims to help readers attain a greater understanding of this complex and multifaceted virtue *The Ultimate Star*

**Contract, Status, and Fiduciary Law** Paul B. Miller, Andrew S. Gold, 2016 Contractual and fiduciary relationships are the two primary mechanisms through which the law facilitates coordinated pursuit of our personal interests These fields are often represented in oppositional terms and many accept the distinction that contract law allows an individual to pursue their interests independently while fiduciary law allows an individual to pursue their interests in a dependent or interdependent way Relying on this distinction however seems to suggest that the boundaries between the fields of contract and fiduciary law are fixed rather than fluid Bringing together leading theorists to analyse critically important philosophical questions at the intersection of contract and fiduciary law *Contract Status and Fiduciary Law* demonstrates that popular characterizations of the relationship between contract and fiduciary law are overly simplistic By considering how contract and fiduciary law interact and not just how they differ the contributors to this volume offer new insights into a range of topics including status relationships voluntary undertakings duties of loyalty equity employment law tort law the law of remedies political theory and the theory of the firm [More Loyal Customers](#) Kevin Stirtz, 2008 *Psychology of Loyalty* Luther B. Miller, Wilbur C. Moore, 2013 In this book the authors discuss the psychology of loyalty Topics include the military and political psychology of loyalty the problem of loyalty in greedy institutions the communal psychology of loyalty to a place an empirical pilot study of the relationship of social media brand community activity with on line consumer behavior and a review of retail shopping loyalty differences between men and women
