Saddlebag Selection Award from the Historical Society of The United Methodist Church as the best book published during  
the year on the history biography polity or theology of United Methodism or its predecessors Understanding history rests  
largely on a grasp of two things sequence and context Know which events came earlier and which later and you ve gone a  
long way toward understanding influence and causation Know what was going on in the wider world at the same time a  
historical event occurred and you ll better grasp the meaning and significance of that event for the people who experienced it  
Yet even with the best history textbooks students have difficulty in gaining an immediate sense of sequence and context  
Hence the purpose of this book To lay out the most important events in the history of the Wesleyan Methodist movement to  
show them in their proper order and to include the most important occurrences taking place on the national and  
international stages at the same time Matthews presents his material in an easy to comprehend and visually appealing layout  
enumerating the major trends and developments in Methodist history from 1700 to 2004 Rex D Matthews is Assistant  
Professor in the Practice of Historical Theology at Candler School of Theology Emory University Atlanta Georgia He currently  
serves as co chair of the Wesleyan Studies Group of the American Academy of Religion as General Editor of the Kingswood
