The World's Work War Series ... World's Work,1914    **Cubs 100: A Century at Wrigley** Dan Campana & Rob Carroll,2016 A collection of baseball tales including highlights from the exciting 2015 season    *The Cultural Encyclopedia of Baseball, 2d ed.* Jonathan Fraser Light,2016-03-25 More than any other sport baseball has developed its own niche in

America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major Leagues' decision to integrate and the words and phrases of the game for example pinch hitter and out in left field have become common in our everyday language. From AARON HENRY onward this book covers all of what might be called the cultural aspects of baseball as opposed to the number rich statistical information so widely available elsewhere. Biographical sketches of all Hall of Fame players, owners, executives and umpires as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards join entries for teams, owners, commissioners and league presidents. Advertising agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs. *Baseball Archaeology* Gwen Aldridge, 1993. Photographs of over 200 genuine articles and memorabilia and their stories from baseball's early days to the modern era.
