Rudolf Augstein

Act Practice Facebook 2025:

Digital Exposés of Extreme-Right Shock Channels Caryn Coatney,2026-01-22 This book takes an in depth look at journalists developing practices to expose the extreme right networks that receive many millions of views across the dark web and mainstream platforms The book draws on ideas about journalism s role as a digital guardian or a gatekeeper which can engage audiences about the need to counter viral terror content and white supremacist material This rare case study is focused on journalists reporting and news audiences related comments about the increasingly prevalent shock channels on social media Previously journalistic stories have been critiqued for sensationalism promoting extreme right leaders This book shows how journalists are adapting digital techniques to start countering the extreme right s subcultures including a twisted buzz fake news sites and stylised violence that frequently targets democratic reporters Book chapters take a deep dive into the interconnected and dark web archives journalists related reporting and subscribers comments in Australia the United Kingdom and the United States It examines the ethical debates about the best professional practices for exposing the extreme right networks going forward The book finds three main elements of journalists gatekeeper roles Firstly journalists used popular video sharing platforms such as Instagram and YouTube to expose white supremacist influencers Secondly they developed long form writing styles to explain the absurd aesthetics of extreme right subcultures that have included beauty queen pageants dating sites and playlists on music streaming giants Thirdly reporters revealed how they have developed multiple and deep undercover personas to uncover dark web chatrooms and the related youth oriented events This book asserts that the successful news expos s have been characterised by an engaged focus on readers demands for journalism that demonstrates transparency trust and corrective information to enhance social cohesion This book is intended to be a useful resource to researchers scholars and students of journalism communication media and politics as well as professionals already operating within the field of journalism

Press Freedom and Regulation in a Digital Era Irini Katsirea,2024-04-22 The processes of convergence and digitalization have altered the technological conditions in which the press operates More than that they have altered the environment in which the press stakes its claim to freedom and strives to protect its turf from other media players The advent of internet based services and applications has blurred the technological boundaries between the press broadcasting and telecommunications challenging their regulatory silos Press Freedom and Regulation in a Digital Era A Comparative Study assesses the extent to which the emergent regulatory model for online news media is shaped by analogies from the past or rather by a newly prevalent culture of control By interweaving two distinct strands of analysis the concepts of press freedom and regulation and the phenomena of convergence and digitalization this book examines the key implications of digitalization and assesses the challenges for press freedom in the nascent digital news ecosystem Drawing upon decisions of the European Court of Human Rights ECtHR the Court of Justice of the European Union CJEU as well as from cases in Germany the United Kingdom and the United States this comparative work comprehensively explores the

regulation of the press in the digital era and the impact of the proliferating media laws policies and jurisprudence on press freedom Irini Katsirea identifies the regulatory ruptures that persist and makes concrete and timely recommendations for the evolving online news ecosystem **Mountain Resort Marketing and Management** Armelle Solelhac,2021-08-25

Mountain resort tourism is a competitive environment experiencing increasing growth in new markets such as China that require the knowledge and skills developed by mature markets This book provides these insights by offering a critical and up to date examination of the mountain industry This book covers branding management and revenue optimization in an industry where very heavy investments are requested and mature markets need to ensure they remain competitive Chapters include interviews with professionals and international experts on mature markets to shed light on the development and marketing strategies that make these resorts successful Major issues facing mountain resorts today are addressed including climate change sustainability COVID 19 the experience economy yield management and dynamic pricing policies and investment management Offering valuable knowledge on how to successfully market and manage ski resorts in an ever changing and competitive environment this will be useful reading for upper level students researchers and current practitioners in winter sports destination development and management sport tourism and development studies

Vision 2025 Amir Ullah Khan,Abdul Azim Akhtar,2018 **Media Pluralism in the Digital Era** Elda Brogi,Iva Nenadić,Pier Luigi Parcu,2024-09-13

Bringing together scholars journalists and researchers from 27 European countries this book provides a comparative and longitudinal analysis of the evolution of conditions and standards relevant for sustainable free and plural media and journalism in Europe in the last ten years Approaching the challenging and ever changing concept of media pluralism from various complementary and sometimes conflicting angles combining legal economic social and political perspectives chapters provide a holistic account of the concept of media pluralism a key condition for a well functioning democracy This book draws on data from the Media Pluralism Monitor project a scientific tool designed and implemented on a regular basis to document the health of media ecosystems to provide insights into central dimensions of media systems across the EU and candidate countries These include the fundamental protection of freedom of expression and safety of journalists and the independence of media authorities market plurality transparency of ownership media concentration media viability competition enforcement and digital platforms dominance disinformation media literacy and digital challenges political independence conflicts of interest editorial autonomy and the independence of public service media social inclusiveness including access to media and representation of women and community media Offering a comprehensive overview of key areas of EU media policy causes and solutions for the media economic struggle and innovative examples of business models for journalism in the digital age this book is recommended reading for advanced students and researchers of media policy and regulation as well as policymakers
