Not Unto Death Lonnnette A. Liggins Collazo, 2026-01-07 This book is to let others know not to accept just anything or just any words someone throws your way This is an account of actual factual events that have occurred in my life in which I had to actually force or insist that people do the job s they were being paid for It focuses mainly on one specific event in which after two years of odd symptoms I had to do just that make someone listen to me When they finally did I was given the diagnosis grim news in such an unprofessional and unacceptable manner that I feel compelled to share warn advise you take your pick that you should stop at nothing to build and achieve yourself with positivity determination faith you take your pick to not only defy the odds but to also crush them This book and the messages it contains are applicable to any circumstance or situation in your life and believe me your immediate mindset as well as your mindset throughout the journey plays a critical role Anything you were told was improbable impossible or whatever negative verbiage was used can be overcome and accomplished Just remember there is a choice to believe or not to believe Do not let anyone determine your outcome because there is always an alternative if we only believe So please secure yourself hands in the air feet on the ground and enjoy the ride Gardeners' Chronicle ,1887 *Wiley CIA Exam Review 2023, Part 3* S.
