Problem of Political Philosophy    The First Principle in Late Neoplatonism Jonathan Greig,2020-11-04 In The First Principle

Jonathan Greig examines the philosophical theology of the two Neoplatonists Proclus and Damascius 5th 6th centuries A D on the One as the first cause Both philosophers address a tension in the Neoplatonic tradition namely that the One was seen as absolutely transcendent yet it was also seen as intimately related to other things as the source of their unity and being Proclus solution is to posit intermediate causes after the One while Damascius posits a distinct principle the Ineffable above the One This book provides a new thorough study of the theories of causation that lead each to their respective position and reveals crucial insights involved in a rigorous negative theology employed in metaphysics    **Principles of Nature; or, a development of the moral causes of Happiness and Misery among the human species** Elihu PALMER,1819
