Threats to External and Internal Security of Pakistan In the Age of Globalization Zain Ul Abiden

Malik, 2024-09-11 Diploma Thesis from the year 2024 in the subject Politics Topic International relations grade A Jamia Hamdard University School of History and Civilization Shaanxi Normal University Xi an Shaanxi China course International Relations language English abstract We live in an era of globalization where the question of security has emerged in a new form and character In this dissertation an attempt has been made to assess the current external as well as internal security threats to Pakistan and to investigate feasible remedial measures to enhance the national structure on domestic fronts As evident from the title this dissertation revolves around the internal and external security threats to Pakistan in the light of globalization Various external and internal security threats to Pakistan weaknesses of our national response and viable countermeasures are proposed in this dissertation This topic is one of Pakistan s most critical burning issues and is well recognized nationally and internationally as it evaluates the characteristics of the social order in Pakistan from several

perspectives to find out the causes of domestic unrest and stresses the primary factors contributing in the peace of our society. The importance of this research study further increases as the articles and study papers available on this topic are still in want of more input to chalk out viable solutions of the problems counter actions. In this dissertation an active attempt has been made to assess the flaws of the security structure of Pakistan in order to propose practical countermeasures. In order to achieve progress and prosperity all Pakistan need is sincerity cooperation and unity. The origin of the domestic security challenges of a country can be traced from the internal and external quarters India and Afghanistan the two immediate neighbors pose a conventional or external threat to the stability of Pakistan. Furthermore global powers like United States and Russia also threaten the stability of Pakistan due to their changing interests in the global order setting. On the other hand internal threats to Pakistan are due to the domestic political ethnic sectarian extremism and Jihadi culture prevalent in the country. It is often carried out by external activities According to the official nationalism of Pakistan the country was created on the basis of the two nation theory which clearly states that the Indian Muslims are a separate and distinct community for the Hindu nation.

The Intelligence War in Afghanistan Musa Khan, 2019-05-01 Globalisation continues to challenge our world at unprecedented speed. Technological innovations changing geographical developments regional rivalries and destruction of national critical infrastructures in several Muslim states due to the US so called war on terrorism all transformed the structures and hierarchies of societies. The idea of development of a nation that sounds on tripods that are food shelter and security failed. The Edward Snowden leaks challenged policy makers and the public understanding and perspectives on the role of security intelligence in liberal democratic states. The persisting imbalance of power in the United States its institutional turmoil and intelligence war and the noticeably tilting power have made the country feel vulnerable and prodded it into military ventures. The calibration of Western allies around Whitehouse as the sole centre of globalization has only brought instability destruction and loss of human lives.
