Oracle Application Express **Oracle Application Express Forms Converter** Douwe Van den Bos,2008 Convert your Oracle Forms applications to Oracle APEX successfully Convert your Oracle Forms Applications to Oracle APEX Master the different stages of a successful Oracle Forms to APEX conversion project Packed with screenshots and clear explanations to facilitate learning A step by step tutorial providing a proper understanding of Oracle conversion concepts In Detail Although Oracle Forms remains popular many developers now see Oracle APEX as a preferred technology Oracle Forms to Oracle APEX conversion projects follow a well defined procedure but sub procedures and complexities can arise that make such

conversion projects a challenging job. This book will take you through a real Oracle Forms to APEX conversion project. It explains all the elements of the conversion from generating XML files to the deployment of a working APEX application. By the end of this book you will have mastered the process of Forms conversion. The book starts with the details of the Forms project and prepares you for the conversion process. You will use the rwconverter and Reports Builder in Oracle Developer Suite to generate XML and other useful files. You will plan and define the business logic for your conversion project. You will use the Forms Converter in Oracle APEX to convert and customize your Oracle Forms applications. Finally you will deploy your application. With this book you will understand what a Forms Conversion project in Oracle APEX means, what needs to be done and what steps are necessary in order to create a fully functional and meaningful conversion project. This book shows the best way to convert applications from Forms to APEX.

Oracle Application Express 5.1 Basics and Beyond Riaz Ahmed, 2017-01-17

You will find stuff about workspace application page and so on in every APEX book. But this book is unique because the information it contains is not available anywhere else. Unlike other books it adopts a stimulating approach to reveal almost every feature necessary for the beginners of Oracle APEX and also takes them beyond the basics. As a technology enthusiast I write on a variety of new technologies but writing books on Oracle Application Express is my passion. The blood pumping comments I get from my readers on Amazon and in my inbox are the main forces that motivate me to write a book whenever a new version of Oracle APEX is launched. This is my fifth book on Oracle APEX and the best so far written after discovering the latest 5.1 version. As usual I'm sharing my personal learning experience through this book to expose this unique rapid web application development platform. In Oracle Application Express you can build robust web applications. The new version is launched with some more prolific tools to maximize developers productivity. Once again I've left out the boring bits and have adopted the same practical inspirational approach that has exposed the anatomy of Oracle Application Express to thousands of beginners in the past. The most convincing way to explore a technology is to apply it to a real world problem. In this book you'll develop a sales web application that not only reveals the anatomy of Oracle Application Express but at the same time provides hands on techniques that build a solid foundation for you to become a web developer. Since there are lots of changes in the new version all content has been revised to slot in these changes including the features new to version 5.1. The short list below summarizes the features of Oracle APEX 5.1 covered in this book. Hands on exposure to the new features such as Interactive Grid, Oracle JET Charts, the new declarative Master Detail, Detail capabilities, dozens of new properties and new development procedures. Teaches how to rapidly develop data centric web application for desktops, laptops, tablets and latest smartphones. Produce highly formatted PDF reports including invoices, grouped reports and pivot tables not covered in any other APEX book. Design and implement a comprehensive custom security module unique to this book. Step by step instructions to create mobile version of the application using existing desktop application pages not covered in any other beginner's guide. This is a concise yet a concrete book on Oracle Application Express written for those

who want to become web application developers The sticky inspirational approach adopted in this book not only exposes the technology but also draws you in and keeps your interest up till the last exercise I m grateful to all my readers whose helpful feedback enabled me to further polish my work in this edition Special offer For those who are new to SQL or those who want to strengthen their SQL knowledge I m providing my e book SQL The Shortest Route For beginners with this book for FREE
