Facebook is the most popular online social network. Originally developed to connect college students, Facebook is used by different people from around the world, amounting to its 1.39 billion users. The website gained popularity by providing an easy means of communication between people. Instead of having to send several messages to different people about how you are doing, you can post one update on Facebook to alert everyone. It also allows you to share pictures and other media with multiple people, instantaneously creating simpler and faster communication. More and more people join the network daily and the fastest growing demographic of users are in the age group of 55 and over, proving that Facebook is no longer a network limited to teenagers and young adults. People of all age groups and backgrounds recognize the value in the services it provides, which is why Facebook has become a social buzzword because of its prominence in modern culture and interaction. *Mastering Facebook* Adidas Wilson, This is not a book of ideas but a blueprint for Facebook success. Facebook is becoming a social media and search engine powerhouse. Seeing the trends in the online platform and knowing how to utilize them will ensure success. This has revolutionized publishing and has dawned to a new digital era. There are a million and one reasons. However, you do not need all of them. Just a few concrete ones to make you see the light as to why Facebook is giving you a golden opportunity to monetize publishing in a smarter, creative way.
