Seelman, Michael Bury, 2001 This path-breaking international handbook of disability studies signals the emergence of a vital new area of scholarship, social policy, and activism. Drawing on the insights of disability scholars around the world and the creative advice of an international editorial board, the book engages the reader in the critical issues and debates framing disability studies and places them in an historical and cultural context. Five years in the making, this one volume summarizes the ongoing discourse ranging across continents and traditional academic disciplines. To provide insight and perspective, the volume is divided into three sections: The shaping of disability studies as a field, experiencing disability, and disability in context. Each section, written by world-class figures, consists of original chapters designed to map the field and explore the key conceptual, theoretical, methodological, practice, and policy issues that constitute the field. Each chapter provides a critical review of an area, positions, and literature, and an agenda for future research and practice. The handbook answers the need expressed by the disability community for a thought-provoking interdisciplinary international examination of the vibrant field of disability studies. The book will be of interest to disabled people, scholars, policy makers, and activists alike. The book aims to define the existing field, stimulate future debate, encourage respectful discourse between different interest groups, and move the field a step forward. *U.S. Industry & Trade Outlook*, 2000 **CQ Weekly**, 2006 *Trends*, 1999 **American Lumberman & Building Products Merchandiser**, 1957 **American Foreign Policy and Treaty Index**, 1998
