Arthurs, Ramaswami Harindranath**

Meaning In The Media Discourse Controversy And Debate:

Meaning in the Media Alan Durant, 2014-05-14 Addresses the issue of what we should make of competing claims about meaning when debated in highly charged circumstances

Copyright and Piracy Lionel Bently, Jennifer Davis, Jane C. Ginsburg, 2010-10-28 An understanding of the changing nature of the law and practice of copyright infringement is a task too big for lawyers alone it requires additional inputs from economists historians technologists sociologists cultural theorists and criminologists Where is the boundary to be drawn between illegal imitation and legal inspiration Would the answer be different for creators artists and experts from different disciplines or fields How have concepts of copyright infringement altered over time and how do such changes relate if at all to the cultural norms operating amongst creators in different fields With such an approach one might perhaps begin to address the vital and overarching question of whether strong copyright laws rigorously enforced impede rather than promote creativity And what can be done to avoid any such adverse consequences while maintaining the effectiveness of copyright as an incentive mechanism for those who need it

Al Jazeera and the Global Media Landscape Tine Ustad Figenschou, 2013-10-15 This book analyzes how and why Al Jazeera English AJE became the channel of choice to understand the massive protests across the Arab world 2011 Aiming to explain the Al Jazeera moment it tracks the channel's bumpy road towards international recognition in a longitudinal in depth analysis of the channel's editorial profile and strategies Studying AJE from its launch in mid November 2006 to the Arab Spring it explains and problematizes the channel's ambitious editorial agenda and strategies examines the internal conflicts practical challenges and minor breakthroughs in its formative years The Al Jazeera phenomenon has received massive attention but it remains under researched The growth of transnational satellite television has transformed the global media landscape into a complex web of multi vocal multimedia and multi directional flows Based on a combination of policy production and content analysis of comprehensive empirical data the book offers an innovative perspective on the theorization of global news contra flows By problematizing the distinctive characteristics of AJE it examines the strategic motivation behind the channel and the ways in which its production processes and news profile are meant to be different from its Anglo American competitors These questions underscore a central nexus of the book the changing relationship between transnational satellite news and power

Word Meaning and Legal Interpretation Christopher Mark Hutton, 2017-09-09 This book introduces ideas about word meaning in the context of law It analyzes cases from common law jurisdictions that concern the meaning definition and legal status of individual words labels and categories The focus is on the question of how law assigns authority over word meaning in different circumstances and in different domains of law

The Routledge Handbook of Pragmatics Anne Barron, Yueguo Gu, Gerard Steen, 2017-01-20 The Routledge Handbook of Pragmatics provides a state of the art overview of the wide breadth of research in pragmatics An introductory section outlines a brief history the main issues and key approaches and perspectives in the field followed by a thought provoking

introductory chapter on interdisciplinarity by Jacob L Mey A further thirty eight chapters cover both traditional and newer areas of pragmatic research divided into four sections Methods and modalities Established fields Pragmatics across disciplines Applications of pragmatic research in today s world With accessible refreshing descriptions and discussions and with a look towards future directions this Handbook is an essential resource for advanced undergraduates postgraduates and researchers in pragmatics within English language and linguistics and communication studies **Courting Publicity** Paul Lambert,2011-10-31 Courting Publicity deals with the law surrounding the use of live electronic communications in the court setting This is an incredibly topical subject that is likely to increase in interest in the future and lead to new legislation and case law The book examines the impact on the legal process in the UK and those involved with ever increasing levels of scrutiny and public attention via new technologies Contents includes courts and Twitter cases in various countries including the US media rights vs privacy rights the Internet Twitter in court issues and UK consultation television cameras in court the Supreme Court the effects of Twitter and the Internet outside of court the future Language George Melville Bolling,Bernard Bloch,2010 Discourse Analysis in Translation Studies Jeremy Munday,Meifang Zhang,2017-07-18 Discourse analytic approaches are central to translator training and translation analysis but have been somewhat overlooked in recent translation studies This volume sets out to rectify this marginalization It considers the evolution of the use of discourse analysis in translation studies presents current research from ten leading figures in the field and provides pointers for the future Topics range from close textual analysis of cohesion thematic structure and the interpersonal function to the effects of global English and the discourses of cyberspace The inherent link between discourse and the construction of power is evident in many contributions that analyse institutional power and the linguistic resources which mark translator interpreter positioning An array of scenarios and languages are covered including Arabic Chinese English German Korean and Spanish Originally published as a special issue of Target 27 3 2015 *The UN Charter, the Refugee Convention and the Responsibility to Protect Doctrine* Ainoa Cabada,2026-01-23 This book investigates three key frameworks applicable to the protection of asylum seekers and refugees the Charter of the United Nations the Convention Relating to the Status of Refugees and the Responsibility to Protect doctrine Through rigorous analysis it reveals how the current international refugee protection regime embodies a narrow reactive approach and makes a compelling case that protection should also be preventative While demonstrating that these three frameworks can work to protect refugee rights adequately the author identifies significant normative challenges The research exposes discrepancies and contradictions that potentially undermine the frameworks effectiveness in protecting vulnerable populations Building on this the book advocates for establishing a preventative protection regime grounded in the normative principles of these frameworks For this it articulates an R2P Preventative Assessment Tool that integrates the development of protection plans alongside risk assessments This book posits that shifting the focus of protection towards prevention could assist in minimising the impact of mass atrocities armed

conflict and or humanitarian interventions This thought provoking monograph will appeal to academics researchers students practitioners policymakers and non governmental stakeholders including UN officials Its interdisciplinary approach spans refugee studies human rights international relations international organisations and global governance Readers interested in the development and evolution of international legal norms the UN s navigation of sovereignty and displacement issues and atrocity prevention will find this work particularly valuable

Mass Communication Research Methods: Researching media content and representation (continued). Framing analysis. The constructionist approach to framing : bringing culture back in Anders Hansen,2009 *The Journal of the Oriental Society of Australia* Oriental Society of

Australia,2008 Ideological Horizons in Media and Citizen Discourses Birgitta Höijer,2007 *Sociological Abstracts* Leo

P. Chall,2000 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers *Linguistics and Language Behavior Abstracts* ,2008 **Media Information Australia** ,1989

Canadian Journal of Forest Research ,2016 *The Crash Controversy* Martin Barker,Jane Arthurs,Ramaswami Harindranath,2001 Between 1996 97 an almost unprecedented campaign was mounted in the British press against on one film David Cronenberg s *Crash* What motivated this campaign What can it tell us about British film culture What impact did the campaign have on general audiences This book which draws on a year long investigation supported by the Economic and Social Research Council offers a series of important and challenging findings and is a major contribution to our understanding of censorship campaigns how audiences respond to films and the strategies employed in engaging with such texts *Communication and Environment* Abd Hamid Hamidah,2012 There ia a dearth of literature on environment

communication within the non western world The few existing ones are scattered and not easily available Thus there ia a dire need to document research and literature in the field The opportunity arose at the 2009 International Conference on Communication and Environment held in Penang Malaysia The international conference with the theme Transformation for a Sustainable Tomorrow organised by the School of Communication USM attracted scholars practitioners and activists from around the world to listen and deliberate on various aspects of communication and environment The post conference review resulted the selection of 24 papers to be compiled into this edited volume *The Gendered Newsroom* Louise North,2008

The Gendered Newsroom is a vivid exploration of the gendered production of news and in particular the experiences of women in the Australian print news media The book engages with the question of how gender shapes newsroom culture and in so doing is concerned with production practices and cultural processes It considers the dilemmas constraints negotiations and compromises which shape journalists day to day routines It probes specific questions about gender in asking what is journalism and what is a journalist How is newsroom culture embodied How do female journalists experience newsroom

culture How has global industry change impacted on the workplace and what does this mean for journalists How does feminism get played out in the newsroom And what is the relationship of newsroom culture to the content of the news The author s astute empirical research provides a distinctive account of how Australian print news media journalists experience newsroom culture The 17 in depth interviews with journalists ranging in age and industry experience reveal a complex culture coming to terms with dramatic industry changes **Annual Review of Sociology** Judith Blake,1992

Reviewing **Meaning In The Media Discourse Controversy And Debate**: Unlocking the Spellbinding Force of Linguistics
