### **Media/cultural**

**Studies** Rhonda Hammer,Douglas Kellner,2009 This anthology is designed to assist teachers and students in learning how to better understand and interpret our common culture and everyday life With a focus on contemporary media consumer and digital culture this book combines classic and original writings by both leading and rising scholars in the field The chapters present key theories concepts and methodologies of critical cultural and media studies as well as cutting edge research into new media Sections on teaching media cultural studies and concrete case studies provide practical examples that illuminate contemporary culture ranging from new forms of digital media and consumer culture to artifacts from TV and film including Barbie and Big Macs soap operas Talk TV Facebook and YouTube The lively articles show that media cultural studies is an exciting and relevant arena and this text should enable students and citizens to become informed readers and critics of their culture and society

**Rethinking Media Studies and the Digital Revolution** Liam French,2023-12-19 This book offers an important reconsideration of teaching learning and research in media studies and provides an overview of some of the key issues controversies and debates in the field It argues that in spite of critical interventions from scholars working both within and outside of media studies many academics have been slow to respond to the ongoing shifts and transformations in digital media in terms of curriculum design and course content The book critically engages with and reassesses issues and debates in teaching and learning in the field of media studies in light of wide scale shifts incurred by digital media and asks is media studies still relevant as a subject in its current form This book will be of interest to undergraduate and postgraduate students of media studies media education cultural studies and popular culture

*Understanding the Media* Eoin Devereux,2013-12-10 This is a lucid and lively introduction to key concepts and developments in media and media studies The new edition with updated case studies and a good range of online reading is a valuable resource for both students and lecturers Chindu Sreedharan Bournemouth University Has expanded the possibilities of what a textbook can be Incisive questions framed through accessible and detailed examples provide a platform for a wealth of different activities that engage readers in the critical study of media Dr Daniel Ashton Bath Spa University Accessibly written and very well structured the

book will be one of those you go back to time and time again throughout your studies In addition it also offers that much needed little found extra in a textbook critical engagement with media and society A joy for those of us teaching the subject Joke Hermes University of Amsterdam How much of our media experience is shaped by the profit motive of media conglomerates How much freedom and power do we have as members of an increasingly fragmented media audience How do the media influence what we understand about friendship globalization and even our own selves This book teaches students how to ask critical questions of the media and gives them the analytical tools to answer those questions By gaining a rich understanding of how the media play a role in society both in giving pleasures and creating power relationships students are encouraged to become critical thinkers Understanding the Media Teaches the theoretical foundations and key concepts students need to get started on their own media studies Brings concepts to life with examples and case studies on everything from Harry Potter and Big Brother to the Occupy movement Shows the how to with guided exercises and improves essay writing with a guide to the research literature Helps students take learning further with guided free online readings This is an essential guide to the how and why of understanding the media perfect for students in media studies sociology cultural studies and communication studies Companion Website now available Visit [www.sagepub.co.uk/devereux3e](http://www.sagepub.co.uk/devereux3e) for a range of student and lecturer resources

**Media Debates** Everette E. Dennis, John Calhoun Merrill, 1991 **Journalism: Critical Issues** Allan, Stuart, 2005-01-01 Over the years it has been frequently remarked that journalism is at a crossroads indeed so often that it risks sounding somewhat cliched yet there is every indication that its very forms practices and institutions are being decisively transformed with startling implications Accordingly the principal aim of this book is to help provide the basis for new dialogues to emerge regarding journalism today as well as about where it may be heading tomorrow Journalism Critical Issues poses a series of important questions afresh questions deserving of much greater attention than they have typically received to date Each of the contributors seeks to challenge conventional ways of thinking about the critical issue at stake in their respective chapter In so doing it is their intention to further our understanding but also to encourage future explorations with the potential to revitalise journalism studies In adopting this approach it is hoped that the book will make for a lively argumentative in the best sense of the word and engaging intervention

**Women, Feminism and Media** Sue Thornham, 2007 Over the past few decades feminist media scholarship has flourished to become a major influence on the fields of media film and cultural studies This book explores the changing and often ambivalent relationship between the three terms women feminism and media in the light of these recent debates **Hastings Communications and Entertainment Law Journal (Comm/Ent)**, 2015 **Vidura**, 2007 **IBSS: Sociology**: 2007 Vol. 57 Compiled by the British Library of Political and Economic Science, 2008-11-06 A classic of animation education since it first published in 1981 For more than 25 years copies of Timing for Animation have been sitting dog eared and spine split on desks and workstations around the world wherever animation is produced All you need to breathe life into your animation is at your fingertips All the vital techniques employed

by animators worldwide are explained using dozens of clear illustrations and simple straightforward directions Learn how animations should be arranged in relation to each other how much space should be used and how long each drawing should be shown for maximum dramatic effect Fully revised and updated the second edition includes timing for digital production digital storyboarding in 2D digital storyboarding in 3D the use of After Effects and much much more Timing shows weight mood and power and can make or break an animation get it right the first time with these tried and tested techniques Get straight to the good stuff with simple no nonsense instruction on the key techniques like stretch and squash animated cycles overlapping and anticipation

**Climate Change and the Media** Tammy Boyce,Justin Lewis,2009 It is now more than a quarter of a century since the Intergovernmental Panel on Climate Change published their first comprehensive report on the dangers posed by anthropogenic global warming Over the last twenty five years the weight of evidence about the causes and consequences of climate change has become compelling The solutions are fairly simple we must switch to more sustainable and efficient forms of energy production And yet they remain elusive globally we produce significantly more greenhouse gases now than we did back in 1990 The sad truth is that this inaction has made climate change inevitable the only question that remains is whether we can prevent it spiraling out of control How do we explain this colossal global failure The problem is political rather than scientific we know the risks and we know how to address them but we lack the political will to do so The media are pivotal in this equation they have the power to set the public and the political agenda Climate Change and the Media Volume 2 gathers contributions from a range of international scholars to explore the media's role in our understanding of the problem and our willingness to take action Combined these chapters explain how and why media coverage has to date fallen short in communicating both the science and the politics of climate change They also offer guidance about how the media might shift from being the problem to becoming part of the solution

*Understanding the Media* Eoin Devereux,2003-06-04 Understanding the Media introduces key theoretical issues in media analysis and encourages students to use case studies and to examine their own personal media use and exposure Devereux applies a model of media analysis that gives equal weighting to the production content and reception of media texts Devereux uses examples from both old and new media and draws upon illustrative materials from diverse geographical territories Each chapter contains concise summaries exercises extracts from experts in the field model exam and essay questions as well as directions for further reading and research This practical dimension to Understanding the Media will ensure that the book appeals to both teachers and students of the 21st century media For the front of postcard Provides an accessible and valuable resource for undergraduate media students which will enable them to develop a critical interest in the study and analysis of the mass media

**Amerasia Journal** ,2010 **Fathering Across Diversity and Adversity: International Perspectives and Policy Interventions** Andrea Doucet,Elihu Katz,Paddy Scannell,Rosalind Edwards,Frank F. Furstenberg,2009-07-15 Over the past few decades scholarly and policy interest in fatherhood and fathering has burgeoned in large part because of

profound social changes in women s and men s lives in the last half of the twentieth century However this research has remained largely national in focus with little cross cultural dissemination of knowledge about fathering practices and supportive or constraining social policies This insightful volume presents a transatlantic perspective on fatherhood and fathering comparatively across nation states as well as in individual countries including the United States Canada United Kingdom and Norway Exploring the diversity of fatherhood it encompasses differences across social class race and ethnicity age and life course and varied household formations The articles examine young fathers separated and divorced fathers fathers from minority ethnic and immigrant groups working class fathers new fathers gay fathers and fathers of children with special needs Readers can gauge the different epochs of fathering over time and explore the tension that fathers may experience between being good financial providers and actively caring for their children Authored by leading figures in fathering research from North America Europe and Scandinavia the multilayered and intriguing articles in this volume of *The ANNALS* point toward the need for sustainable policy frameworks that enable fathers to be involved in their children s lives in ways that do not include biased assumptions about the expression of that involvement *Media Courses U.
