

Rethinking How Men Date Women

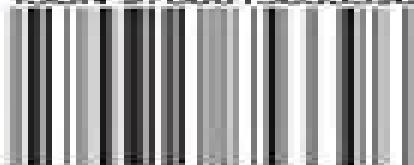

Dating is and will always be a hot topic and a go-to subject for anyone looking to gain an audience with little effort. That is not this author.

Derek Q. Sanders takes a different approach and a different point of view than what is typically expected from men. This book approaches the subject of dating honestly, openly, and critically.

Derek writes to women about men and relevant relationship/dating issues, not about the "rules of the game." Love is not a game, neither is the heart a playground. He makes clear the distinctions between adult males and authentic men.

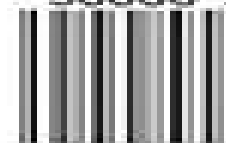

Read this book if you are interested in purpose-driven dating. This author believes in dating for the purpose of marriage. In these pages, he offers a wealth of insight to help you along the way, including a list of probing questions a woman should ask a man who expresses an interest in dating her. How about that for a bonus?
