**Perversion for Profit** Whitney Strub, 2011 Whitney Strub illustrates the crucial function of pornography in constructing the New Right agenda which emphasized social issues over racial economic inequality He situates the fight over obscenity within the politics of 1950s pop culture the pivotal events that followed including the sexual revolution feminist activism

*Perversion for Profit* Whitney Vincent Strub, 2006 After having receded from public concern since the end of the Victorian era pornography received a resurgence of national attention in the years after World War II This dissertation traces the history of those rekindled concerns seeing pornography as both a reflector of national sexual politics and as a causal agent in the emergence of the New Right the most important political movement of the past half century As the Cold War took shape domestic sexual politics concentrated on the channeling of sexual energy into all American heterosexual nuclear families and pornography as a challenge to this circuit became the target of newfound public outrage The charge was led by the liberals who held power at the time but the postwar liberal consensus failed to successfully balance its free speech framework and the exception it allowed for obscenity laws Conservatives spearheaded by groups like Charles Keating's Citizens for Decent Literature in the 1960s took advantage of this tension in liberal thought As the New Right developed in the late 1960s it exploited the pornography issue for partisan gain discovering the political capital of moralism that would later emerge more fully in debates over abortion feminism and gay rights The dissertation tracks the obscenity pornography debates through the brief porno chic moment of the 1970s and into the political awakening of evangelical Christians It concludes that ambivalence toward sexual expression has hampered liberal participants of the debates while entrepreneurial moralism has greatly benefited the modern conservative movement Pervert-Schizoid-Woman Michael Williams, 2016-12-14 Touching on the fields of philosophy critical theory cultural studies and queer theory *Pervert Schizoid Woman* critiques the organization of Western economy language and desire Author Michael Williams seeks to promote alternative frameworks for a posthumanist theory and practice of perverse selfhood and sociality In this study he identifies the capitalist economic system as structured by scarcity and supply demand dynamics discerning the paradoxical accumulation of debt as the essence of the assumed scarcity in the financial system He also uncovers the profound isomorphism between the economics of scarcity and the castration and lack at the center of the psychoanalytic interpretation of gender sexuality and desire concluding that the essential negativity in the scarcity of capitalism the absence in the structure of language and the castration in the network of desire are the sources of the dysfunctions in Western systems of finance expression and gender and sexuality The Field Guide to Sponsored Films Rick Prelinger, 2006 An effort to review and assess the thousands of industrial and institutional films sponsored by American businesses charities educational institutions and advocacy groups over the last century Seven Psychological Principles Versus Power Politics Lewis Orvin Anderson, 1954 Proceedings of the ... Lord, University of California, Irvine. Art Gallery, 1995 Curator Catherine Lord describes the word pervert as inspiration for this exhibit in a range of contexts in order to make a point about the word its ability to be reversed and define a variety of audiences Blatantly she embraces pervert as a derogatory word that was once applied to heterosexuals appropriating it to simultaneously connect with the standard form of companionship and contrast with the application of it to homosexuals Contemplatively Lord approaches this exhibit with much forethought wanting to organize something that would reflect the explosion of gay and lesbian cultural production in the 80s **Studies in Pali and Buddhism** A.
