perspective it's more than Tumblr, Snapchat or Twitter and it surpasses Pinterest's 70 million by a colossal margin. In 2014 alone, Instagram grew by about 64 percent in terms of active users and became one of the fastest growing social media networks around the world. Certainly, Instagram is massive and businesses are fully taking note of it. In translation, they are more than willing to pay popular users with many followers to post about their brands. Is taking photos and sharing them to the world a passion you love? Then you might just be staring at the next biggest opportunity to make money online with Instagram. Initially, it began as an image-based network but with time grew its functionality and included 15-second videos to edge out Vine, a popular rival that offers only 7-second videos. This provides you the user with a great way of marketing those areas of your business that will enable you to make money online. In this ebook guide, we'll skip the basics on setting up an account with Instagram and instead discuss the 5 most effective ways to make money online with Instagram. We'll talk about growing your followers, making money promoting your services and products, and more ways to generate good revenue from this popular social media network. If you want to make money on Instagram, then you may want to read on. The following is how you can make money online with Instagram. So let's get started.
