Peter Levenda:

Necronomicon Files Daniel Harms, John Wisdom Gonce, 2003-07-01 What if a book existed that gave answers to everything you've ever wondered about? What would you do to learn its secrets? Tales of such books have abounded for millennia and are legend in occult history. One of the most pervasive modern iterations is that of the Necronomicon, said to be a genuine occult text from the 8th century. The Necronomicon really is the creation of science fiction writer H. P. Lovecraft, 1891-1937, in whose books the magic volume first appears in print. In *The Necronomicon Files*, two occult authorities explore all aspects of the Necronomicon from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles. The *Necronomicon Files*, revised and expanded further, reveals the hoax of the Necronomicon. Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction. The magical text was transformed into an icon among Lovecraft's literary circle, who added to the book's legend by referring to it in their own writing. People became convinced that it was a real book, and its references in literature and film continue to grow. The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist. Scholarly yet accessible, humorous and intriguing, *The Necronomicon Files* illuminates the depth of the creative process and the transformations of modern myth while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture.

Unholy Alliance Peter Levenda, 2002-05-24 Engagingly written, *Unholy Alliance* is a comprehensive popular history of the occult background and roots of the Nazi movement, showing how the ideas of a vast international network of late 19th and early 20th century occult groups influenced Nazi ideology. Levenda takes readers through the teachings of Madame Blavatsky, Aleister Crowley, the Thule Gesellschaft, the occult secret society that formed the ideological heart of the early Nazi Party, the Order of the Golden Dawn, and the Order of the Eastern Temple, and demonstrates how each influenced Nazi ideology. He also details the expedition to Tibet of the Ancestral Heritage Research and Teaching Society, comprised of the same SS officers who would later be involved in grisly medical experiments on concentration camp prisoners. Levenda traces the Nazis' movements as they continued their activities after the war or morphed into neo-Nazi, skinhead, and satanic groups such as the Christian Identity and White Aryan Resistance movements. Levenda's is not only a major work of investigative reporting but also the striking story of the unholy alliance between politics and religion or politics and occultism that has dominated events in Europe and the Americas since World War I with all its implications for continuing racial and religious violence in Europe, Asia, and the Americas.

The Third Way Joseph P. Farrell, 2020-07-04 Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets, and breakaway civilizations, author and researcher Joseph P. Darryl Catherine, John W. Morehead, 2019-02-18 Interest in preternatural and supernatural themes has revitalized the Gothic tale renewed explorations of psychic powers and given rise to a host of social and religious movements based upon claims of the fantastical And yet in spite of this widespread enthusiasm the academic world has been slow to study this development This volume rectifies this gap in current scholarship by serving as an interdisciplinary overview of the relationship of the paranormal to the artefacts of mass media e.g. novels comic books and films as well as the cultural practices they inspire After an introduction analyzing the paranormal s relationship to religion and entertainment the book presents essays exploring its spiritual significance in a postmodern society its post modern representation in literature and film and its embodiment in a number of contemporary cultural practices Contributors from a number of disciplines and cultural contexts address issues such as the shamanistic aspects of Batman and lesbianism in vampire mythology Covering many aspects of the paranormal and its effect on popular culture this book is an important statement in the field As such it will be of utmost interest to scholars of religious studies as well as media communication and cultural studies The Lovecraft Code Peter

Levenda,2016-12-01 Drawing on decades of experience author and historian Peter Levenda turns to the novel as the best and perhaps only way to tell a story that has to be told that hidden within the tales of America s most iconic writer of gothic horror H P Lovecraft runs a vein of actual terror Gregory Angell the present day descendant of George Angell in Lovecraft s Call of Cthulhu is summoned by a nameless covert agency of the US government to retrieve a sacred book from the grasp of an Islamist terror network operating out of northern Iraq in the land of the Yezidi Practitioners of a monotheistic religion with mystical traditions the Yezidi are all that s left of an ancient sect that possessed the key to the origins of the human race and was in conflict with another more ancient civilization from beyond the stars Hailed by author Christopher Farnsworth Blood Oath as a more intelligent DaVinci Code and by Whitley Strieber The Key as a riveting work of fiction this book will thrill Lovecraft aficionados readers of reality based thrillers and conspiracy theorists alike The Mao of Business Peter Levenda,2007-10-15 In The Mao of Business Levenda reveals the secrets of the day to day negotiations project identification financing distribution the ubiquitous sales agent and the inescapable business banquet in China that beautiful but occasionally hostile environment **Starry Wisdom** Peter Levenda,2019-08-15 This third novel in the trilogy that began with The Lovecraft Code and continued with Dunwich concludes the globe spanning tale of Professor Gregory Angell and his attempt to keep the Necronomicon out of the clutches of a gaggle of secret societies and his life out of the grasp of terrorists and intelligence agents Angell makes his way back to the Americas after trekking across Central Asia and China and sailing the South China Sea to Indonesia In the meantime the search for the missing professor and the all important book consumes Dwight Monroe and his team while a string of murders in New Orleans baffles Detective Cuneo and brings NYPD Lieutenant Wasserman out of retirement At the same time Jamila the young Yezidi woman with a strange paranormal ability and a deadly aim finds herself on a mission in the United States to take out the man who destroyed her village And a distraught mother whose two sons were abducted by a sinister being is now pregnant with another child and travels around the country looking for answers in gatherings of UFO contactees and the rites of a voodoo priestess where she will have to confront a mind bending truth They all find themselves drawn together at a building in one of America s iconic cities at a house with a bizarre architecture that is based on a strange but sacred geometry a geometry that s designed to call down something from the stars Based on themes from the works of H P Lovecraft especially The Haunter of the Dark where the mysterious Shining Trapezohedron makes its appearance Starry Wisdom ties together the various strands of occult knowledge political intrigue and pop culture that are woven through the first two books Hailed by author Christopher Farnsworth Red White and Blood and The President s Vampire as a more intelligent Da Vinci Code and by Whitley Strieber Communion The Wolfen and The Hunger as a riveting work of fiction this book will thrill ancient aliens fans and Lovecraft aficionados and is supported by the genuine scholarship of occultists terrorists military leaders and intelligence agents **Ratline** Peter Levenda,2012 Exposes the involvement of the Catholic church the Soviet KGB and several governments in aiding Nazi war criminals escape to
