

TEAS

Comprehensive 12 Week Study Plan

Week 1

Diagnostics & Review

Part 1: Diagnostics

- Take the free diagnostics for all 4 subjects:

- Math
- English Language Usage (ELU)
- Reading
- Science

Review your results:

For topics where you scored well, simply review the content and only make flashcards for concepts that you got wrong on each time.

For topics where you scored low, focus your attention on those questions and make flashcards for all of the important content to review throughout the month leading up to your exam.

You may also want to add your study plan based on your diagnostic results. If you scored poorly on a topic, set a topic up section and you have limited time, you can choose that over other study goals and review it at the end of your exam time.

You can also focus topics where you scored lower on the diagnostics to come earlier in the study plan so that you have more time to review them!
