*Becoming Cliterate* Dr. Laurie Mintz, 2018-05-15 We've been thinking about sex all wrong. Mainstream media, movies, and porn have taught us that sex, penis, vagina, and everything else is just secondary. Standard penetration is how men most reliably achieve orgasm. The problem is women don't orgasm this way. We've separated our most reliable route to orgasm, clitoral stimulation, from how we feel we should orgasm, penetration. As a result, we've created a pleasure gap between women and men. 50% of 18-35 year old women say they have trouble reaching orgasm with a partner, 64% of women vs 91% of men said they had an orgasm at their last sexual encounter, 55% of men vs 4% of women say they usually reach orgasm during first time hookup sex. In *Becoming Cliterate*, psychology professor and human sexuality expert Dr. Laurie Mintz exposes the broader cultural problem that's perpetuating this gap and what we can do about it. Pulling together evidence from biology, sociology, linguistics, and sex therapy into one comprehensive, accessible, and prescriptive book, *Becoming Cliterate* features cultural/historical analysis of female orgasm. Spoiler: the problem's been going on for ages. An anatomy section, it's all custom under the hood. Proven techniques for cliterate sex: it starts with training the sex organ between your ears. A comprehensive final chapter for men, because you don't have to have a clitoris to be cliterate. By dispelling the lies, misunderstandings, and myths that have been holding us back, *Becoming Cliterate* tackles both personal and political problems and replaces them with updated outlooks and practical skills needed to change our collective perspective on sex. It's time to finally inform women and men on how to have satisfying experiences in bed that benefit both parties. The revolution is cuming, and *Becoming Cliterate* offers a radical, simple solution to progress and pleasure for all.

*The Real Orgasm* Dominic Daniels, 2016-12-13 About 7 years ago the love of my life dumped me because I wasn t satisfying her in bed Naturally my ego was crushed and I went into a severe depression for a few months But eventually when I finally got over my depression I knew that I had to figure this whole female orgasm thing out I didn t want to live the rest of my life not being able to make a woman orgasm So I began my search The books that I found offered the same regurgitated information on where the clitoris is located and the best positions to stimulate it And as much as you d think that information would help it didn t get me the results I was looking for I couldn t make my partner whoever she was consistently orgasm To say my orgasm ratio was 10% making her cum 1 out of 10 times would be generous So I did what I thought was the next best thing I went to my best girlfriend at the time and asked her if she would let me interview her about her orgasmic process Thankfully she did And she liked my questions so much that she referred me to her friends who referred me to their friends who referred me to their friends so on Within 9 months I had over 360 interviews and I had completely changed in the process I spent the next 6 years practicing the things I had learned from those interviews and a few more things that I learned along the way And now More than 90% of the time I can make my lover orgasm If we re dating 100% of the time Here s what I learned

- 1 As long as you understand the sexual philosophy of the woman you re about to undress you ll know how to treat her through the process Soft Hard Combinations
- 2 The only way you can truly understand her sexual philosophy is by asking the right questions and mastering the art of sexual communication
- 3 Then you must own your role in the sexual process Especially when playing the role of the leader If you are to lead her to her orgasm you must feel confident in not just your sexual abilities but yourself as a whole
- 4 Once you have the above 3 handled you then use the key positions with the right rhythms to bring her to an intense whole body orgasm whether or not clitoral stimulation is involved

Within the book *The Real Orgasm* you will see the detailed breakdowns of the sexual philosophies I encountered throughout my interviews and the types of sexual personalities those women had You will also learn the questions I asked to learn everything that I learned from those women And in case you re wondering yes I did sleep with a few of the women that I interviewed I m not saying it to boast well maybe a little but I m mainly saying it because these questions work They let her know that you re interested in HER and if you actually pay attention you ll learn EVERYTHING you need to know to make her cum like a geyser You will also learn the best strategies and tactics that thousands of men use including myself to build an inner core of confidence dominance and seduction This is not about being an overbearing asshole

It's about owning your place as the leader and feeling comfortable there. And finally you will learn the key positions that virtually guarantee orgasm as well as my secret hacks for developing the best sexual rhythm for repetitive orgasms. This information truly transformed my life. The simple fact that I know all of this gives me the type of confidence that most guys would kill for. Not conceit. Confidence. The kind of stuff that dime pieces notice. The kind of stuff that gets their panties wet before any physical contact is made. And when we end up in the bedroom everything flows so smoothly and most importantly I'm in control of myself the whole time and therefore can comfortably control the situation. My partner orgasms over and over and OVER again and most importantly it's all so very sexy.
